

Seating

Trendway®

We take seating personally.

The right chair can make a big difference in your day. Everyone has their own tasks, taste and work style... and their own idea of comfort. Trendway has seating to respond to individual needs and preferences, whether you spend your time in long meetings, concentrated tasking or casual café conferences. And with our wide selection of seating textiles, you can create a statement to express your personal style.

T51

Design meets mega ergonomics.

Winner of four international design awards, Trendway's T51 Chair combines comfort technologies with smart, minimalist design. This high-performance task chair was developed to support the full range of human motion and provide maximum comfort through the most innovative ergonomics. Its simple, elegant profile is shaped to dynamically fit the natural curve of the body. With 3D adjustable arms, an innovative lumbar support, and sliding seat pan, T51 is sure to meet the ergonomic needs of your team! And the T51 guest offers the perfect complement, with a simple, understated cantilever design ideal for conference rooms and side seating.

UPHOLSTERY COLORS

The chair for everywhere.

Sleek, tailored and loaded with ergonomic features, Sketch seating blends beauty with intelligence. Rated to support 300 pounds, Sketch has what it takes to perform in every work environment, at a price that will make you smile.

Sketch is offered with an upholstered or mesh back. Upholstered back models are available in mid-back or high-back — both backs are standard with height adjustability. Choose from an array of comfort control mechanisms, including our most popular synchronized option with 2:1 tilt ratio, ensuring a smooth, comfortable recline. Select a basic black arm and base, or dress it up with a polished aluminum base and matching loop arms.

Need seating fast? We offer an Express model that ships in three days, with a choice of arm and base options.

The chair that fits everyone.

Code. A lean, smart profile that's generously proportioned for comfort. Code adjusts easily to provide supportive seating for people large and small. The polished aluminum frame defines a form-fitting engineered mesh back. Code Executive and Task provide performance seating, with standard full ergonomic controls, adjustable seat depth and adjustable arms. All models except the Stool are rated to 300 pounds. The Conference chair offers affordable elegance. The Code Stool features dynamic mesh back and height-adjustable foot ring. Wherever you go, Code adapts.

All models available with body-responsive mesh back and upholstered seat; full leather option for selected models.

Express your individuality.

In | FULLY UPHOLSTERED WITH LOOP ARMS

With European styling and modern curves, the In Chair is both good-looking and exceptionally comfortable. Options include a fully-upholstered seat and back, a breathable mesh back, and a distinctively-styled guest chair.

In seating features a standard synchro-tilt mechanism for motion control and seat depth adjustment. The comfortable sit is enhanced by a choice of fully adjustable task arms or beautifully tailored loop arms.

Best of all, In seating fits your budget easily — making it an even more attractive seating choice. Make In seating uniquely yours.

Ergonomic seating for day to day performance.

This hardworking seating line makes day long comfort a snap. With many ergonomic features and choices, it's simple to create a Snap chair just for you. Offering three back styles, a dual compound curve seat and arm options including loop, 2-way or 3-way adjustable arms, Snap is sure to support all users. Plus, Snap can be ordered in a wide range of standard fabrics — or graded in textiles.

Rest assured, there's a Snap for everyone in your office.

Stat,TM Series X_{and} Y

RexxiTM

Good looks, great value – right now.

Stat | TASK

If you need attractive, comfortable seating right now, choose from Stat, Series X and Series Y seating.

The Stat chair offers full ergonomic control with flexibility of adjustments and smooth, quiet operation — at an exceptionally attractive price.

More formal in design, Series X and Series Y offer almost immediate delivery in leather-upholstered conference and executive models, designed for comfort with a contoured back and seat with waterfall front.

No matter which chair you choose, you'll find comfort and value — right on time.

Simply, a great value.

The Rexxi chair gets back to basics, plus. Standard features make it simple to adjust Rexxi to your preferences. A stylish mesh back offers flexible support with an eye-catching design. A unique lateral flexing motion supports side-to-side movement. And its price will surely please. Rexxi delivers solid value as well as comfort.
