Halo Floors

LUXURY VINYL TILE

Halo Floors Luxury Vinyl Tile

Halo floors lay the world at your feet with one of the most innovative collections of luxury vinyl tile in the industry. Halo Woods and a collection we could only call, "Something Different" have been developed to meet the needs of commercial architects and designers who long for creative freedom, outstanding performance and unequalled beauty and value.

Inspiring Designers.

You’ve heard the expression, “If these walls could talk”? Well, it’s the floor that speaks volumes wherever Halo luxury floors are installed. With an array of tiles and planks ranging from traditional to contemporary, and a diverse selection of compelling patterns and textures, Halo floors are the foundation of stimulating design. We are proud to have the opportunity to inspire designers to mix, match, create and fulfill their vision.

Something Different

Let Your Imagination Run Free or Let Your Imagination Run Wild.

Call it refreshing. Hip. Even, avant-garde. We call this eclectic collection "Something Different" for obvious reasons. The metals look and even feel real. The boldly colored glass tiles and blocks couldn't be more convincing. Our Multi Flake and a new take on Terrazzo inspire fresh thinking outside the box. There are no limitations.

Metals

Beaten / Treadplate

24" x 24" unbeveled / raised emboss (Note: Tread emboss does not match tile to tile)

BT199 Silver Beaten

TD199 Silver Tread

BT193 Bronze Beaten

How it works

- **Step One:** Select your size

4" x 36" Border

1.5" x 36" Border

4" x 4" Block

- **Step Two:** Select your background

Travertine 031

Silver 02

Grey 01

or any color from the following collections:

Diamante Palacio

Sandstone

Allesia Travertine

Classic Marble

Biancone

Concrete

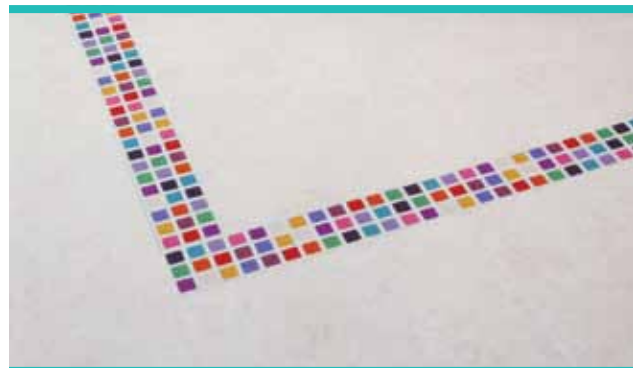

Quarry

Fine Woods

- **Step Three:** Choose your glass key colors from the selection to the left.

- **Step Four:** complete a project worksheet located on our website and submit to your sales/service rep:

www.cbcflooring.com/halo/glass.html

Something Different

Multi Flake / Modern Terrazzo

24" x 24" unbeveled / smooth

Back to the Future.

The look of Multi Flake and Terrazzo flooring is back and bolder than ever – reinterpreted for the 21st century in exciting color palettes and patterns that can be mixed and matched in wildly inventive ways. Go retro chic or create an entirely new look that's yours alone. Either way, you'll have long-lasting beautiful flooring that offers straightforward installation and easy maintenance. What's more, all Halo products are FloorScore and ISO certified, and are backed by a limited 15-year warranty, so the future looks very bright, indeed.

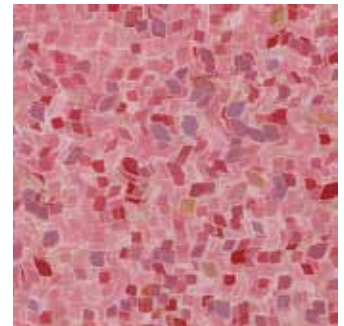

MF602 White/Pearl Multi Flake

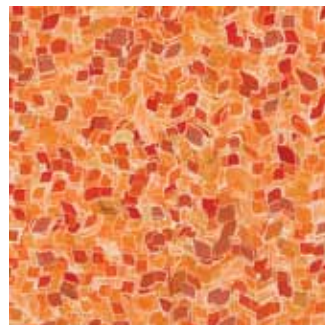

MF601 Grey/Pearl Multi Flake

TZ03 Grey Terrazzo

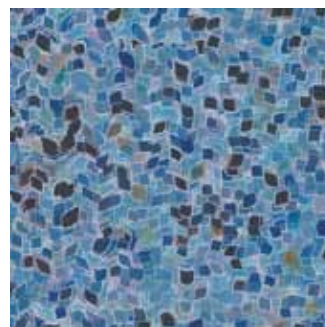

FS44 Hot Pink Terrazzo

FS45 Bright Orange Terrazzo

TZ02 Beige Terrazzo

FS43 Bright Blue Terrazzo

Halo
floors

Twisted Plains

Standard

18" x 18" unbeveled / smooth

Extraordinarily Simple.

Take what's already anything but ordinary, and make it extraordinary. That's what we did with our Halo Twisted Plains collection. We took fashion oriented colors, added optional overlays and offer a myriad of arrangements and design possibilities.

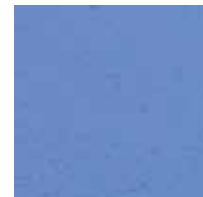

Our Palm, Spot and Cracked Ice overlays appear to be dimensional, but are actually smooth. This makes creating unique environments as easy as can be.

How it works

- **Step One:** Select your background color and texture
Choose from any of the 8 colors below and either Standard or Dimpled texture

Blue Standard

Blue Dimpled

- **Step Two:** Select your overlay (*optional*)
(overlays not recommended with dimpled texture)

Choose from Palms, Spot or Cracked Ice patterns

Woods

Long Lasting Beauty.

The rich beauty of natural wood comes together with the strength and durability of solid vinyl Halo wood planks. Whether polished and warm, or weathered and worn our planks are available in a wide selection of wood grain patterns that capture the imagination.

We all love wood flooring for its simple, natural elegance and warm inviting allure.

Halo Woods have been designed to bring beauty, durability and low maintenance flooring to high traffic areas. The result is our collection of finely detailed classic and realistically hewn woods so true to nature; they truly raises the bar for the industry.

Wood Planks

4" x 36" beveled / tick finish

Barnwood? Worn Wood? Brown Ebony?

These names are not common among commercial flooring surfaces, and they're names that architects, designers and specifiers are pleased to hear. Our unique wood looks can be weathered, worn, refined and even combined with other Halo tile products for a virtually limitless range of design possibilities. From rustic to more classic traditional our 4" planks bring the rich beauty of natural wood together with the strength and durability of luxury vinyl tiles. Halo Woods look so natural you'll find yourself asking, "How did they do that?" We won't bore you with the details. Let's just say, we're Halo Floors.

Inviting Rustic Planks.

What could be warmer than rustic wood flooring? The Halo Hewn Woods collection boasts the warmth and even the feel of rustic flooring planks. All of the wood grain, each split and every knot is register-embossed. At first, second and even third glance, you might be afraid of getting splinters. But don't worry. This is Halo commercial flooring giving you all the beauty and benefits of real wood without any of the drawbacks. Amazingly accurate coloration further enhances the sensory experience. The result is a collection of planks with the natural tones and textures of rustic wood developed into an easy-care, durable resilient flooring. Hewn Woods provide outstanding aesthetic and performance results in high traffic areas.

Recommended Product Applications

The following Halo application chart is provided to aid in understanding where Halo Flooring products are recommended for use. This application chart is a subjective recommendation and is predicated upon the adherence to proper installation techniques; specific location of installation; level of foot traffic; and the type and professional level of maintenance practiced on-site.

Halo Floors pass ASTM Test Method F 925, Resistance to Chemicals. F 925 calls for exposure to chemicals for one hour. The chart above shows results for the required 1 hour and even more severe testing protocol over a 24 hour period. Halo Floors are tested without any applied sealers or floor finishes and are cleaned with a cotton cloth after exposure. For the most accurate results, CBC Flooring recommends using the customer's chemicals on actual product samples that have been treated with the maintenance products to be used on the finished floor. Halo Floors are readily available for testing from CBC Flooring.
