Product information

Inspired by the cultural textiles of nomadic tribes, we have taken our celebrated Sting fabric and created The Nettle Collection, a family of three textile patterns made from an intimate blend of virgin wool and harvested nettles.

Traveller has bold stripes with the characteristics of a weathered and timeworn appearance, yet is gentle and smooth to the touch. This is partnered with Aztec, which is a plain version in the same appealing texture. Nomad is a cosier, lofty quality which adds a matured shepherd's check to the family.

The Nettle Collection meets the ACT voluntary Performance Guidelines and is classified for Heavy Duty Upholstery.
