VENEER COLLECTION 7376

Traditional Styling - An exceptionally executed traditional style is achieved with beautifully appointed details such as madrone burl accents, fluted clipped corners, picture frame mouldings and elegantly etched glass doors. Desk tops stand in the spotlight with their design of straight grain cherry veneer surrounding madrone burl veneer set off by walnut borders.

Construction - Construction throughout Oxmoor consists of wood, wood veneers and select wood product, including solid wood bases, mouldings and pilasters. Cases feature mortise and tenon construction with wood cleats, glue, screws, staples and threaded inserts with bolts. Drawers are constructed with solid wood sides and backs with veneer and veneer banded fronts and 3-ply bottoms. Drawer interiors are sealed. All drawers feature dovetail construction and are suspended on fully extending, metal, ball-bearing slides. All top surfaces feature a durable UV finish resistant to stains, mars and scratches.

Function - All drawers are suspended on fully extending, metal, ball-bearing slides allowing easy access to the entire drawer. Box drawers have a 75 lb. load bearing rating. File drawers have a 150 lb. load bearing rating. File drawers are equipped with metal rods for side-to-side letter or front-to-back legal hanging files.

All desks, credenzas and file cabinets have adjustable levelers. Cable grommets or other openings are strategically located on specific items to facilitate neat and easy cable management.

With its rich Merlot Cherry finish and expertly appointed details, Oxmoor makes a most impressive statement. Each item in the collection is a finely tuned balance of design and function. The eye is quick to notice the solid wood, fluted pilasters and the elegant madrone burl accents. Functional details are equally important with strategically located grommets for efficient cable management, easily accessible fully extending drawers, and pull-out writing boards that conveniently expand work surfaces.
