

BELMONT VENEER

The warmth of transitional styling enhanced with elegant details. Inlaid cherry veneer bordered by walnut banding and double beaded crown mouldings provide unique details. Executive nuances in bow front work surfaces and felt-lined box and center drawers provide an air of distinction. Available in a Executive Cherry (7130), or Brown Cherry (7132) finish.

Tops

7130 tops are reconstituted cherry veneers and 7132 tops are cherry veneers finished in cherry bordered by a walnut banding. All top surfaces feature a durable UV finish resistant to stains, marks and scratches.

Construction

Constructed of hardwoods, wood materials and cherry veneers with walnut veneer inlays on mortise and tenon construction with wood cleats, glue, staples and screws.

Drawers

Drawers feature 4-sided plywood construction with dovetail joints. Drawer interiors are stained and sealed. All drawers have full extension, metal ball-bearing slides to store heavy loads. Filing hardware is included for front-to-back or side-to-side letter or side-to-side legal hanging files. Box drawers have a 75lb load bearing rating; file drawers have a 150lb rating.

Locking pedestals are all keyed the same. If you need specific items keyed differently, please contact your customer service representative.

Adjustable Levelers

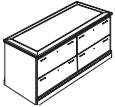

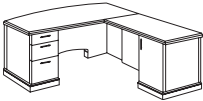

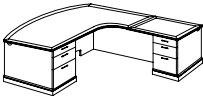

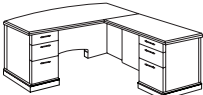

All units feature adjustable levelers to compensate for uneven floors.

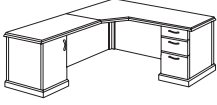

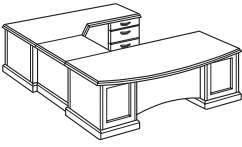

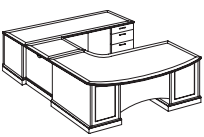

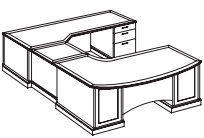

Specifications subject to change without notice.
