

SELECTRONIC® INTEGRATED FAUCETS WITH ABOVE-DECK MIXING

Electronic, sensor-operated faucets. Vandal resistant solid brass construction with the sensor, solenoid valve and all electronics enclosed in the spout. Optional above-deck mixing valve, with removable handle, uses ceramic disc valve with hot limit safety stop for temperature control. Operates on DC (CR-P2 lithium battery) or AC permanent power. Inlet(s) to spout: 18" long S.S. flex hose(s) with integral filter, check valve and 3/8" compression connection. Range can be adjusted manually or with optional remote control. Optional escutcheon (for 4" centers) & remote control must be ordered separately.
