

SitOnIt • Seating®

WHO WE ARE

We make well-designed, comfortable and affordable office seating. Our unique build-to-order manufacturing model allows us to create beautiful and reliable ergonomic chairs and ship them quickly.

Our trusted brands include
SitOnIt® Seating and IDEON®
soft seating and tables,
sustainably built in the USA
from regionally and globally
sourced materials.

BUILD-TO-ORDER

Every chair we make can be different.

Our processes combine the latest in lean manufacturing techniques with absolute attention to quality control.

Make us your one-stop shop for seating solutions. Executive, conference, task, multipurpose and lobby seating – we've got it all.

FASTEST SHIPPING

All options and thousands of fabrics ship in 2, 5 or 10 days.

REMARKABLE AFFORDABILITY

You'll get more for your dollar with a SitOnIt Seating or IDEON chair. That's because all we do is make great seating and ship it fast.

Delivering a positive customer experience before, during, and after each sale is as important to us as making sure each built-to-order chair is beautiful, comfortable and affordable.

WORLD-CLASS DESIGN

We exceed expectations with elegant product collections developed by renowned designers and engineers.

STYLISH, PRACTICAL AND DURABLE SEATING FOR HEALTHCARE

Maximize comfort for both staff and patients, with affordable design perfectly suited to both your professional image and budget.

Antimicrobial Textiles

We carry a full selection of fabrics uniquely suited for high traffic areas to help keep mold, mildew, and bacteria at bay.

GREENGUARD Certified

All SitOnIt Seating and IDEON products have been tested and certified by the GREENGUARD Environmental Institute for meeting safe indoor air quality emissions.

CAL 133 Approved

Every SitOnIt collection features CAL 133 models with over 500 available fabrics.

HEALTHCARE SPOTLIGHT

OHIO STATE UNIVERSITY WEXNER MEDICAL CENTER

At the Ohio State Medical Center you'll find SitOnIt and IDEON products in every corner – from training rooms to reception.

The Ohio State University Wexner Medical Center is one of the largest and most diverse academic medical facilities in the country. They specialize in "personalized health care" that focuses on the uniqueness of the individual patient.

WHAT MADE THE DIFFERENCE?

Like the Medical Center, we pride ourselves on versatility and personalized service. Our Lifetime Warranty and short lead times make it easy to do business with us. The decisive factor for the Medical Center, though, was the price point. Our Focus, ReAlign and Freelance collections deliver striking design at an attractive price.

There were exacting requirements to suit diverse staff needs, and we were able to specify precisely what we wanted.

When we priced it out with COM and shipping, we were shocked – it came in under budget.

OMNICARE, WORLD HEADQUARTERS

SitOnIt Seating sets the standard for Omnicare world headquarters and beyond.

When national pharmaceutical provider Omnicare relocated its world headquarters the healthcare provider wanted to develop a national seating standards program.

WHAT MADE THE DIFFERENCE?

Our design quality, proven quick-ship delivery capability and national distribution network met their objectives. The company chose Sona as its conference standard, the highback Focus Work as its task chair, the midback Focus Work for training and Focus side for guest seating.

We needed a quick turnaround to meet our opening day deadline. We knew we could rely on SitOnIt to get it to us fast.

We moved offices and wanted to upgrade our look to something more contemporary. IDEON was a perfect fit.
