Company Statement

“Can you make ...?”

That’s how a lot of client phone calls to WCI begin. Designers and dealers know that we’re more than our catalog. We’re also the go-to collaborator for the custom designs other manufacturers are unable to handle.

For more than 75 years, we’ve been a creative and innovative partner to thousands of clients across the country and around the world. Whether it’s a café, bistro, conference room, corporate cafeteria, or that in-between space, our tables, banquettes, and seating are there for you. With all fabrication done at our Los Angeles factory our turnaround is perhaps the fastest in the industry.

WCI looks to the future inspired by its customer’s commitment to design, and is prepared to meet the ever-changing and rapidly expanding needs of the industries it serves.

Customers continually tell us, “You guys can do anything.” We think the customer is always right.

Take a look around our site at westcoastindustries.com, what you find might surprise you!

General Information | Terms and Conditions

Prices

Possession of this price list does not in itself constitute authority to sell and/or purchase product herein. All prices are LIST prices. Prices are effective with current date printed on the cover and supersede all other price lists. All accepted orders are subject to prevailing prices at time of order. WCI reserves the right to change prices or specifications without prior notice. Prices do not include tax or installation. Additional charges may apply on special requests for inside delivery, "call before," etc.

Minimum Order

WCI's minimum order is \$1,500 LIST, and orders under this amount will be subject to a \$150 service charge.

New Accounts

Customers who have purchased more than \$5,000 LIST in the last 12 months are eligible to seek terms with WCI. To establish an open account, submit a bank reference and at least three current open account references. Send full credit information along with complete address and telephone numbers to: West Coast Industries, Inc., 750 Battery St, Suite 100, San Francisco, CA 94111. Allow approximately two weeks for processing.

Credit and Payment Terms

Initial orders under \$2500 LIST require full amount in advance. Otherwise, unless credit has been established with WCI, terms will be a 50% deposit with order and balance paid in full prior to shipment. Payment terms for all customers with approved credit limits are net 30 days. Banquette orders require a 50% deposit with the order and the balance must be paid in full from date of shipment or within previously established and agreed to terms. Invoices must be paid within these terms in order to maintain open account status. Payments should be made to our main office in San Francisco. Past due accounts (over 30 days) are subject to an interest rate of 1.5% per month (18% per year), or the maximum amount permitted under local law. The customer will be liable for any costs incurred in collection of past due amounts, including attorneys' fees, whether or not a suit is filed. Charging purchases to an open account constitutes acceptance of our stated terms. WCI reserves the right to change terms without prior notice.

Acknowledgement

All orders are manufactured and shipped according to the acknowledgement and its terms and conditions. It is the customer's responsibility to note any discrepancies on the acknowledgement and to notify WCI immediately. The printed acknowledgement constitutes the final agreement between the customer and WCI, thus superseding all previous communications regarding the order.

Changes or Cancellations

Any changes to or cancellation of an order must be submitted to WCI in writing. Acknowledged orders for special, non-standard, and custom products cannot be cancelled. Approved change request orders may be subject to a revised production schedule and additional material and labor charges. Approved cancellation requests will be subject to restocking, material, and labor charges.

Orders

All orders must include WCI product model number, final material, and finish specifications for order entry.

Send your orders directly to:

Postal Service or Courier Service:

WCI
Attn: Order Entry
750 Battery St, Ste 100
San Francisco, CA 94111

Fax: 415-552-5368

Email: order@westcoastindustries.com

Duplicate orders that are received by mail (after being faxed or emailed) and not marked “confirmation” are the responsibility of the customer.

Designs and Specifications

All designs and specifications are subject to change without prior notice. Any item or material may be discontinued without prior notice. All weights and dimensions are approximate.

Tables

All tables manufactured by WCI are warranted to the original purchaser covering normal usage for a period of twelve years from the date of the original invoice. WCI will replace or repair (at our discretion) without cost to our customers any item found to be defective as a result of defective materials or workmanship. We will not, however, repair any item which has been abused or subjected to any use other than that which was originally intended for our product. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. In no event shall liability under this warranty exceed the original purchase price.

Electrical items not manufactured by WCI are covered for a period of one year.

Wood Furniture is made of natural variable raw material. Differences in grain characteristics and color among wood species are naturally occurring variations and are not within the control of WCI nor considered defects included in this warranty.

Plastic laminates, Corian®, 3Form, and acrylic are not warranted by WCI, but are warranted by the respective manufacturers under their specific warranty only.

Banquettes

WCI banquette frames are warranted to be free of defects in materials and workmanship covering normal usage to the original purchaser for a period of seven years from the date of the original invoice. WCI will replace or repair (at our discretion), without cost to our customers, any item found to be defective as a result of defective material or workmanship. This warranty does not apply to damage resulting from accident, misuse, abuse, alteration or negligence. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. WCI will not be liable for any additional charges sustained by the customer because of improper installation by others, usage or after market additions.

Plastic laminates and upholstery are not warranted by WCI, but are covered by laminate and textile manufacturers under their specific warranty only. Wood Furniture is made of natural variable raw material. Differences in grain characteristics and color among wood species are naturally occurring variations and are neither within the control of WCI, nor considered defects included in this warranty.

COM textiles and COL leathers are not warranted.

Outdoor

All outdoor products manufactured by WCI are warranted to the original purchaser covering normal usage for a period of one year from the date of the original invoice. WCI will replace or repair (at our discretion) without cost to our customers any item found to be defective as a result of defective material or workmanship. We will not, however, repair any item which has been abused or subjected to any use other than that which was originally intended for our product. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. In no event shall liability under this warranty exceed the original purchase price.

Zone 1: Add 5%	Zone 2: Add 10%
Arizona, Arkansas, California, Colorado, Hawaii, Idaho, Iowa, Kansas, Louisiana, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming.	Alabama, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, and Wisconsin.

Tables and Outdoor

Tables and outdoor orders will be shipped F.O.B. factory. To calculate your guaranteed freight cost, refer to the map and zone matrix above. Zone percentage is calculated based on the total NET value of the order, and freight cost is included on invoices. WCI reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved. Products shipped to Alaska, Hawaii, and Canada are F.O.B. factory, freight prepaid to port of embarkation, based on percentages as outlined above. Customer is responsible for freight charges from port of embarkation to final destination.

Banquettes

WCI Banquettes do not include freight. Banquettes are shipped F.O.B. factory, uncartoned for blanket wrap shipment. WCI will negotiate discounted freight rates on the customer's behalf, and will include those rates on the invoice.

Freight Claims

WCI will file freight claims for WCI tables and outdoor products only. In the event of damage and/or shortages, immediately call WCI at **800-243-3150** to initiate a freight claim and replacement or repair. Concealed damage must be reported in writing to the freight carrier and WCI within two business days. Failure to make a claim against WCI within five days will constitute acceptance of merchandise and waiver of any defects, shortages, or errors found upon inspection. The customer must file all freight claims for banquettes.

Normal Delivery

Normal delivery is on a dock to dock basis. Special requests, such as inside delivery, "call before," etc, should appear on the customer's purchase order and are subject to additional charges. Every attempt will be made by WCI to accommodate customers' requests. Delivery date is subject to strikes, accidents, availability of supplies, and any other causes beyond our control. WCI may stop and/or hold shipment if payment terms, account status, or credit are not satisfactory.

Will Call

Customers may choose to pick up orders at our factory. Customers will be notified when their order is ready for orders marked "will call." Pick up must be made within five business days or order will incur storage charges. Customer pick up is available between 8 AM and 2 PM PST. Please call WCI customer service at 800-243-3150 to schedule a customer pick-up.

Storage

Commencing on the ship date, there is a five business day grace period for all table and outdoor orders, during which there will be no storage fees. Following the grace period, there is a minimum storage charge of \$350 per month. Orders over \$10,000 will incur an additional 1.5% fee per month based on NET value of the order. In addition, a Storage Fee Agreement must be signed by customer and returned to customer service. Customers that are CBD (cash before delivery) must pay for all storage fees before the order is shipped.

Table Tops

Plastic Laminate and Ultrafoam Table Tops

Laminate topped tables should be cleaned with a mild, non-abrasive cleaner and cloth.

Wood Veneer and Butcher Block Table Tops

Wood must be treated as a breathing, living material. Like all organisms, it is subject to changes depending upon the environment in which it exists. The principal concern is the humidity in the surrounding atmosphere and its effect on the wood. Like many other materials, wood shrinks when it loses moisture and it swells when it absorbs it.

Keeping WCI wood finishes looking beautiful is easy. Simply wipe the table top clean with a soft damp cloth moistened with water, and then dry with a soft cloth.

Note: Do not use commercial cleaners, abrasives, solvents, Windex, 409, Ajax, etc. on the table top as this will wear away the acrylic waterborne enamel.

Spills should be wiped up promptly and wiped dry as described above. Spills should never be left on the finish overnight.

WCI wood finishes should be protected from excessive heat. A heat pad, coaster or trivet should be used to protect the table top from pots, pans, hot serving dishes, drinks, plates, etc.

3form® Chroma® Table Tops

Please follow this link: http://www.3-form.com/downloads/3form_matspec_chroma_rev030.pdf

Acrylic Table Tops

Acrylic table tops consist of specially formulated acrylic, providing a tough nonporous surface material with superior stain and UV light resistance. Color and material is consistent throughout the top, providing a renewable surface. Most dirt and residue can be removed by washing with warm soapy water, followed by rinsing with clean water and wiping down with a dry towel to eliminate water spots. Disinfecting acrylic table tops can be accomplished using (1) part household bleach mixed with (1) part water. Wash and rinse thoroughly, and wipe dry.

Minor scratches and burns on matte finish can be buffed out with a medium ScotchBrite pad, followed by wiping the area down with soapy water and towel dry. Minor scratches and burns on gloss finish can be buffed out with a white ScotchBrite pad, or wet sanded with 2000 grit sandpaper, followed by wiping area with soapy water and towel dry. Deep scratches and burns should be repaired by a professional fabricator.

Acrylic table tops have excellent heat resistant qualities; however, it is important, as with all table top materials, to minimize direct exposure to heat. WCI recommends using hot pads or trivets when placing hot objects on any acrylic table top.

Caution: Nail polish, nail polish remover, and any acetone based liquid will permanently stain and/or damage the acrylic table top. Chemicals such as paint remover, metal cleaner, oven cleaner, abrasive cleaner, and acid drain cleaner will also damage acrylic table tops and should not be used.

Corian® Table Tops

Please see: http://www2.dupont.com/Surfaces_Commercial/en_US/tech_info/care_and_maintenance/Corian.html

Table Bases

Powder Coat and Plated Bases

All powder coat and plated bases should be cleaned with a mild, non-abrasive cleaner and cloth. Users are urged to make periodic inspections to look for damage, loose screws and bolts, or other signs of structural fatigue incurred in daily handling, use, and abuse. Examination must include structural joints, corner blocks, welds, and any other stress points. Any product found to be damaged, defective or loose should be taken out of service immediately.

Metal Tables

All metal tables are suitable for indoor and outdoor applications. They have been pretreated and powder coat finished to resist the elements all year long without fading, rusting, or cracking.

For regular cleaning of the metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Avoid using abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Chairs

Metal

All metal chairs are suitable for indoor and outdoor applications. They have been pretreated and powder coat finished to resist the elements all year long without fading, rusting or cracking.

For regular cleaning of the metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Avoid using abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Polypropylene

Injection molded polypropylene chairs are suitable for indoor and outdoor applications. UV inhibitors in the polypropylene protect against sun rays.

To maintain the finish of polypropylene chairs, clean regularly with warm sudsy water – never use abrasive cleaners or boiling water.

For regular cleaning of the chair's metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Do not use abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Synthetic Rattan

The Piazza chairs have woven synthetic rattan backs and seats. To maintain the rattan, clean regularly with warm sudsy water – never use abrasive cleaner or boiling water. Do not pressure-wash or use petroleum based solvents or cleaners as this will damage the synthetic rattan.

General Maintenance

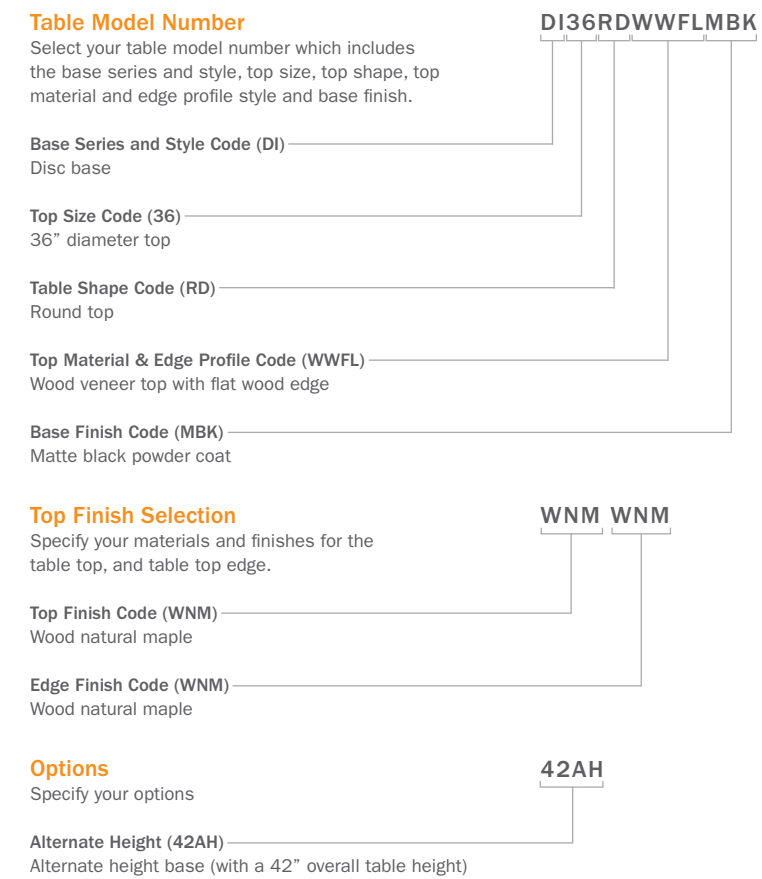

Our customers are urged to make periodic inspections to look for damage, loose screws and bolts or other signs of structural fatigue incurred in daily use. Examination must include structural joints, corner blocks, welds and any other stress points. Any product found to be damaged, defective or loose should be taken out of service immediately.

Product Specifications | Occasional Bases and Tables

Occasional Tables

CU Cube

Overall Table Heights: 16", 18", 20" & 24"
Material: Laminate or wood construction
Standard Glide: Nickel plated glide (GNP)

CY Cylinder

Overall Table Heights: 16", 18", 20" & 24"
Material: Laminate or wood construction
Standard Glide: Nickel plated glide (GNP)

DI Disc

Occasional Base Heights: 16", 18" or 20"
Base: 18" & 22" diameter .375" thick steel plate
Column: 2" diameter, steel tubing
Top Plate: 7.625" square steel
Standard Glide: White nylon carpet glide (GNC)
Standard Finish: Powder coated
Optional Finish: Plated

MOV Move

Overall Table Height: 25"
Dimensions: 18" Depth, 13" Width, 15" Width
Top: Laminate, wood veneer, 3form Chroma, Corian®
Standard Glide: 2.25" Round Teflon Glide
Standard Finish: Powder coated or clear coated hot rolled steel
Optional Finish: Plated (polished not available)

PA Parsons

Overall Occasional Table Heights: 16", 18", 20", 24"
Legs: 2.5" x 2.5" solid lumber
Apron: 2.5" high
Material: Laminate or wood construction
Standard Glide: Nickel plated glide (GNP)

PL Platform

Occasional Base Heights: 16", 18" or 20"
Base: 18" & 22" square .375" thick steel plate
Column: 2" square steel tubing
Top Plate: 7.625" square steel
Standard Glide: White nylon carpet glide (GNC)
Standard Finish: Powder coated
Optional Finish: Plated

TL Tulip

Occasional Base Heights: 16", 18" or 20"
Base: 18" or 24" diameter (L=light, M=medium, H=heavy weight) cast iron with decorative steel cover plate.
Column: 2" or 2.25" diameter, steel tubing
Top Plate: 7.625" or 10.75" square steel
Standard Glide: White nylon carpet glide (GNC)
Standard Finish: Powder coated
Optional Finish: Plated

Product Specifications | Outdoor Bases and Tables

Outdoor Tables

ARC Arc

Overall Table Height: 29.25"
Base: 4 leg steel base
Column: 1.5" square steel tubing
Top Plate: Tilt-top mechanism
Top: Solid metal (MES)
Standard Glide: Adjustable nylon glide
Standard Finish: Powder coated silver (MSL)
 Some assembly required

BA Basic Round

Standard Base Height: 28"
Base: 14", 17", 20", 22" & 28" diameter cast iron, also available with decorative steel cover plate for powder coating (L=light, M=medium, H=heavy weight)
Column: 3", 3.5" or 6" diameter, steel tubing
Top Plate: 7.625" or 15" square steel
Standard Glide: Superlevel glide (GSL)
Standard Finish: Cast iron in black wrinkle (MWR)
Optional Finish: Powder coated

BI Bistro

Overall Table Height: 28.75"
Base: 4 leg steel base
Top: Solid (MES) or mesh (MEM) metal top
Standard Glide: Fixed nylon glide
Standard Finish: Powder coated

DI Disc

Standard Base Height: 28"
Base: 18", 22" & 26" diameter .375" thick steel plate
Column: 2" or 3" diameter, steel tubing
Top Plate: 7.625" or 15" square steel
Standard Glide: Black octagon (GNO)
Standard Finish: Powder coated

FR Flat Round

Standard Base Height: 28"
Base: 18", 22" & 26" diameter cast iron with decorative aluminum cover plate
Column: 3" or 6" diameter, aluminum tubing
Top Plate: 7.625", 10.75" or 15" square steel
Standard Glide: Superlevel glide (GSL)
Standard Finish: Powder coated
Optional Finish: Anodized Aluminum

MA Mark IV

Standard Base Height: 28"
Base: 24", 30" & 36" X-base, 27" V-base and 18" & 30" T-base configurations, cast aluminum
Column: 2" or 3" diameter, aluminum tubing
Top Plate: 7.625" or 15" square steel
Standard Glide: Superlevel glide (GSL)
Standard Finish: Powder coated
Optional Finish: Anodized Aluminum

PK Park

Overall Table Height: 29"
Base: 4 leg steel base
Top: Mesh (MEM) metal top
Standard Glide: Fixed nylon glide
Standard Finish: Powder coated silver (MSL)
 Includes 1.5625" umbrella hole

PL Platform

Standard Base Height: 28"
Base: 18", 22" & 26" square .375" thick steel plate
Column: 2" or 3" square steel tubing
Top Plate: 7.625" or 15" square steel
Standard Glide: Black octagon (GNO)
Standard Finish: Powder coated

SM Sam Table

Overall Table Height: 29.125" & 42"
Base: Clear coated polished aluminum X- base
Column: 2.5" diameter aluminum tubing
Top: Stainless steel with scalloped pattern (MSS)
Standard Glide: Adjustable nylon glide
Standard Finish: Stainless steel with scalloped pattern top with a clear coated polished aluminum base
 Some assembly required

TL Tulip

Standard Base Height: 28"
Base: 18" or 24" diameter (L=light, M=medium, H=heavy, XH= extra heavy weight) cast iron with decorative steel cover plate
Column: 2" or 2.25" diameter, steel tubing
Top Plate: 7.625", 10.75" or 15" square steel
Standard Glide: Superlevel glide (GSL)
Standard Finish: Powder coated

Laminate Top Construction

Standard 1.25" thick core material, consisting of a NAUF Particle Board (45.5 lb/ft3), MDF (46 lb/ft3), or 1" thick Birch Plywood (40 lb/ft3) core, surfaced with a laminate face. The core material is determined by the specified edge profile. A moisture-resistant backing sheet is laminated to the underside of the top. All complete tables (consisting of a top and base) have steel threaded inserts for metal-to-metal mounting of the top to the base, allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have steel support to prevent bowing. All top dimensions are nominal and may vary up to 0.75," depending on the edge treatment. If a critical size is required (± 0.0625 "), dimensions should be specified in writing.

Wood Veneer Top Construction

Standard 1.25" thick core material, consisting of a NAUF Particle Board (45.5 lb/ft3), MDF (46 lb/ft3), or Birch Plywood (40 lb/ft3) core, surfaced with a book matched veneer face. A moisture-resistant backing sheet is laminated to the underside of the top. All complete tables (consisting of a top and base) have steel threaded inserts for metal-to-metal mounting of the top to the base, allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have steel support to prevent bowing. All top dimensions are nominal and may vary up to 0.75," depending on the edge treatment. If a critical size is required (± 0.0625 "), dimensions should be specified in writing.

Butcher Block Top Construction

Butcher Block Tops have an eased edge with 1.3125" wide finger jointed strips. Tops are 1.375 thick and 1.875" thick on 60" and 72" tops. Tops are constructed from solid maple and have 0.75" tolerance.

Laminate Surfaces

See Laminate Reference Guide, Page 30.

Wood Surface Finish

All wood products are finished in semi-gloss, acrylic waterborne enamel providing a 40% sheen finish using a multi-step process of hand sanding, staining, and sealing that provides superior water and alcohol resistance. Custom sheens are available upon request; please contact WCI Customer Service for a quote.

Ultrafoam Surfaces

Standard 1" thick balanced construction consisting of NAUF – Particle Board (45.5 lb/ft3) core surfaced with a permanently bonded fire-retardant, expanded polyvinyl chloride pad. Ultrafoam tops are available with white vinyl T-mold or raw edges, and are recommended for use with tablecloth only. Ultrafoam tops create a slightly cushioned surface that is impervious to grease, foods, acids, and alcohol. Ultrafoam tops absorb sound and eliminate the need for silencer cloth, double linen or other padding. All complete tables (tables consisting of a top and base) have steel threaded inserts for metal-to-metal mounting of the top to the base, allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have steel support to prevent bowing. All top dimensions are nominal and may vary up to 0.75" depending on the edge treatment. If a critical size is required (± 0.0625 "), dimensions should be specified in writing.

3Form® Chroma® Surfaces

Standard 1" ($\pm 10\%$) thick with 0.75" moisture resistant marine grade plywood sub-top for indoor and outdoor use. 3form® Chroma® (74.3 lb/ft3) is produced from optical grade engineered resin with high UV resistance consisting of 30% recycled, 12% pre-consumer, and 18% post-consumer content, and is certified according to the GREENGAURD® Indoor Air Quality Certification Program for Low Emitting Products. The surface of Chroma® features renewable matte texture that can be easily refinished throughout its lifetime. All top dimensions are nominal and may vary up to 0.75" depending on the edge treatment. If a critical size is required (± 0.0625 "), dimensions should be specified in writing.

Product Specifications | Tops

Acrylic Surfaces

Standard 1.25" thick with moisture resistant marine grade plywood sub-top. Specially formulated acrylic provides a tough, nonporous surface material with superior stain and UV resistance. Color and material is consistent throughout the top, providing a renewable surface. Acrylic surfaces are not predrilled to accept table bases. All top dimensions are nominal and may vary up to 0.75" depending on the edge treatment. If a critical size is required (± 0.0625 "), dimensions must be specified in writing.

Corian® Surfaces

Standard 1"x1" thick built-up edge on 0.5" thick Corian® (106.1 lb/ft³) with a steel sub-frame and a 0.75" X 1.5" steel tube finished with standard matte black powder coat. Corian® is a solid surface material from DuPont composed of 33% of Poly Methyl Methacrylate and 67% of Natural Minerals like Alumina Trihydrate. Corian®, along with its adhesives and sealants, are certified by GREENGUARD®, providing a complete surfacing system with low amounts of VOC (volatile organic compounds). All complete tables (tables consisting of a top and base) will have steel threaded inserts for metal-to-metal mounting of the top to the base, allowing ease of installation. Steel sub-frames are designed to fit only WCI's standard bases, and, consequently, all top only requests must be processed as a custom product. All top dimensions are nominal and may vary up to 0.75" depending on the edge treatment. If a critical size is required (± 0.0625 "), dimensions must be specified in writing.

Vinyl T-Mold Edges

Vinyl edges provide an impact-resistant edge. All vinyl T-molding corners have a 2" radius.

PVC Edges

PVC edges provide an impact-resistant edge. All PVC corners are square.

Metal Edges

Metal edges are extruded 6063 Aluminum, allowing for strength and durability. Standard finishes are polished and satin aluminum. All metal edges have a 2" radius.

Wood Edges

Wood edges are offered in solid maple, oak, cherry, and walnut. Other wood species are available upon request; please contact WCI Customer Service for a quote.

Overall Table Heights

Overall table heights vary according to top specification. WCI standard base height is 28". Add top thickness to determine overall table height. For alternate height (AH) tables, the height specification refers to the overall height of the table when ordering a complete table, or the overall height of the base when ordering base only.

Product Specifications | Edge Profiles

Self Edge

LLSE	Self Laminate Edge
	1.25" thick edge is banded with matching standard grade top plastic laminate. Square and rectangle tops standard with square corners Available on 1.25" thick top

LLSE3	Self Laminate Edge
	1.75" thick edge is banded with matching standard grade top plastic laminate Square and rectangle tops standard with square corners Available on 1.25" thick top

Vinyl Edges

LVFL	Flat Vinyl T-Mold Edge
	.125" x 1.25" flat vinyl edge Square and rectangle tops standard with 2" radius corners Available on 1.25" thick top Available in 6 colors

LVBP	Bumper Vinyl T-Mold Edge
	.1875" x 1.25" rounded vinyl bumper edge Square and rectangle tops standard with 2" radius corners Available on 1.25" thick top Available in 6 colors

PVC Edge

LPVC	Flat PVC Edge
	.125" x 1.25" flat pvc edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 6 colors

Metal Edges

LMFL	Flat Metal T-Mold Edge
	.125" x 1.25" flat aluminum edge Square and rectangle tops standard with 2" radius corners Available on 1.25" thick top Available in polished (MPA) or satin (MSA) finishes

LMRB	Ribbed Metal T-Mold Edge
	.125" x 1.25" ribbed aluminum edge Square and rectangle tops standard with 2" radius corners Available on 1.25" thick top Available in polished (MPR) or satin (MSR) finishes

Product Specifications | Edge Profiles

Wood Edges Group A

LW = Laminate top with a wood edge
WW = Wood top with a wood edge

LWFL & WWFL	Flat Wood Edge
	.125" thick flat wood edge, eased corners Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWFL3 & WWFL3	Flat 3 Edge
	.125" x 1.75" thick flat wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWPI & WWPI	Pivot Wood Edge
	.25" x 1.25" pivot wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWTP & WWTP	Tapered Ply Edge
	1" thick exposed Baltic Birch plywood edge with a reverse beveled tapered profile Square and rectangle tops standard with square corners Available on 1" thick top Top surface available in 4 wood species and 13 stains

LWFP & WWFP	Flat Ply Edge
	1" thick exposed Baltic Birch plywood edge with a flat profile Square and rectangle tops standard with square corners Available on 1" thick top Top surface available in 4 wood species and 13 stains

Wood Edges Group B

LW = Laminate top with a wood edge
WW = Wood top with a wood edge

LWSQ & WWSQ	Square Wood Edge
	1.25" x 1.25" flat square wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWSQ3 & WWSQ3	Square 3 Wood Edge
	1.75" x 1.75" thick square wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWAR & WWAR	Arc Wood Edge
	.75" x 1.25" arc wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWBN & WWBN	Bullnose Wood Edge
	1.25" x 1.25" bullnose wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWBN3 & WWBN3	Bullnose 3 Wood Edge
	1.75" x 1.75" thick bullnose wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

LWPR & WWPR	Prism Wood Edge
	1.25" x 1.25" prism wood edge Square and rectangle tops standard with square corners Available on 1.25" thick top Available in 4 wood species and 13 stains

Product Specifications | Edge Profiles

Butcher Block Edges

BBFL	Butcher Block Flat Edge
	1.3125" finger jointed strips x 1.375" thick, 1.875" thick on 60" diameter tops only Square and rectangle tops standard with square corners Available on 1.375" thick top Available in maple and 4 stains

BBBN	Butcher Block Bullnose Edge
	1.3125" finger jointed strips x 1.375" thick, 1.875" thick on 60" diameter tops only Square and rectangle tops standard with .5" radius corners Available on 1.375" thick top Available in maple and 4 stains

Ultrafoam Edges

ULFP	Ultrafoam PVC Edge
	.039" x 1" flat PVC edge Square and rectangle tops standard with square corners Available on 1" thick top

ULFR	Ultrafoam Raw Edge
	1" ultrafoam top with raw edge Square and rectangle tops standard with square corners Available on 1" thick top

Acrylic Edge

AAOP & AATL	Acrylic Opaque / Acrylic Translucent Tops With Waterfall Edges
	1.25" acrylic top with waterfall edge Square and rectangle tops standard with 3" radius corners

Corian® Edges

C1FL & C2FL	Corian® Flat Edge
	.5" thick Corian® material with 1" thick edge Square and rectangle tops standard with .125" radius corners

C1BN & C2BN	Corian® Bullnose Edge
	.5" thick Corian® material with 1" thick edge Square and rectangle tops standard with .5" radius corners

C1PR & C2PR	Corian® Prism Edge
	.5" thick Corian® material with 1" thick edge Square and rectangle tops standard with square corners

3form Chroma Edges

3FFL	3form® Chroma® Flat Edge
	1" thick Chroma material Square and rectangle tops standard with .125" radius corners Available in 10 Chroma colors

3FBN	3form® Chroma® Bullnose Edge
	1" thick Chroma material Square and rectangle tops standard with .5" radius corners Available in 10 Chroma colors

3FPR	3form® Chroma® Prism Edge
	1" thick Chroma material Square and rectangle tops standard with square corners Available in 10 Chroma colors

3FRB	3form® Chroma® Reverse Bevel Edge (Outdoor Only)
	1" thick Chroma material Square and rectangle tops standard with square corners Available in 10 Chroma colors

Move Edge (Move Table Only)

LMOV	Ply Move Edge
	.5" thick exposed Baltic Birch plywood edge Standard with .63" radius corners

WMOV	Veneer Move Edge
	.5" thick wood edge Standard with .63" radius corners Available in 4 wood species and 13 stains

CMOV	Corian® Move Edge
	.5" thick Corian® material Standard with .63" radius corners

3MOV	3form® Chroma® Move Edge
	.5" thick 3form Chroma material Standard with .63" radius corners Available in 10 Chroma colors

Product Specifications | Laminate Reference Guide

WCI offers over 800 standard laminates from Nevamar, Formica, Wilsonart, and Pionite. Laminates from other manufacturers and non-standard laminates are available, and require special pricing from WCI's Customer Service Department. Please contact WCI Customer Service at **800-243-3150** for all special laminate requests.

Please note: Laminate manufacturers change their product offerings frequently and sometimes without advanced notification. For this reason, a standard laminate may not be available. Please contact the laminate manufacturers for current offerings.

Note: Other laminate manufacturers are available, such as Arborite® , Laminart® , and Abet Laminati® .

Product Specifications | Corian® Reference Guide

Corian® is a solid surface material created by DuPont, composed of acrylic polymer and alumina trihydrate. Corian®, along with its adhesives and sealants, are certified by the GREENGUARD® Environmental Institute, providing a complete surfacing system with low-VOC.

Corian® tops are not sold separately as a standard product. All top only requests must be processed as a custom product. The under structure of indoor and outdoor Corian® tops consists of a steel sub-frame with a .75" x 1.5" steel tube finished with standard black matte powder coating. Sizes vary, depending on top size. Steel sub-frames are equipped with steel-threaded inserts to allow for metal to metal mounting of the top to the base. Steel sub-frames are designed to fit only WCI's standard bases.

All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.

Due to random veining, material transparency, directional metallic flakes, and unique colors, seams and glue lines may be visible on tops larger than 30"W x 72"L in certain series of Corian® solid surface materials. Please refer to the lists below for colors that may present fabrication issues.

Private Collection Series

Seams may be visible at joints due to random veining patterns

Allspice	Hazelnut	Sagebrush
Arrowroot	Hickory Smoke	Sandalwood
Basil	Jasmine	Sonora
Burled Beach	Juniper	Sorrel
Cinnabar	Lava Rock	Thyme
Clam Shell	Natural Gray	Tumbleweed
Earth	Raincloud	Vanero White
Ecru	Rosemary	Verde
Elderberry	Saffron	Witch Hazel

Illumination Series

Seams will be visible when backlit, may be slightly visible when not backlit

Arctic Ice	Blueberry Ice	Lime Ice
Arctic Mint	Glacier Ice	Mint Ice

Metallic Series

Due to directional metallic flakes in each sheet seams will be visible

Anthracite	Copperite	Olivite
Aqualite	Graylite	Silverite
Azurite		

Difficult Colors to Seam

Glue line at joint may be visible

Graphic Blue	Night Sky	Sand
Nocturne	Sun	

Product Specifications | Wood Grain and Patterns

WCI wood veneer is bookmatched as standard.

For custom veneer patterns contact customer service at 415-261-6656 for quotation.

Product Specifications | ADA Tables

Wheelchair Access

To comply with ADA regulations for wheelchair access to tables WCI recommends a minimum clearance of 27" from the floor to the bottom of the table; a minimum 30" barrier free width and a minimum barrier free depth of 19".

In addition there must be a minimum of 30" unobstructed space from the table edge. Overall table height cannot exceed 34".

For more information on ADA requirements, the following websites may be useful:

National Network of ADA Centers: www.adata.org

U.S. Justice Department - ADA Home Page: www.ada.gov

ABA and ABA Guidelines Home Page: www.access-board.gov/ada-aba

Minimum Clearance Recommendations

WCI ADA Table Recommendations

42" x 42" Post leg square table (P04242SQ)

23" x 39" Bistro ADA rectangle table (BI2339RE0D)

30" x 48" T-base rectangle table (DUT3048RE, ALT3048RE, MAT3048RE, PRT3048RE, SLT3048RE, SVT3048RE, TUT3048RE)

ADA Logo

The ADA logo is standard on the Bistro Outdoor rectangle table. The blue ADA symbol is 1.75" high x 5" wide and is inset from the front table edge on the right-hand side (from seated position).

Drawing is not to scale.

Product Specifications | Banquettes

- Coil-spring construction provides no hard edges and uniform support for comfort and durability.
 - Removable seat allows ease of re-upholstery.
 - Back pitch and seat depth can be specified to meet specific applications and price points.
 - Multi-functional banquettes can be designed for both Hospitality and Contract environments.
 - Foams used in fabrication are flame retardant and pass: CAL 117 and TB-133.
 - LEED compliant materials available upon request.
 - Shop drawings are submitted by WCI design/engineering staff for final approval before fabrication commences.
- **Back Support:** 2.5" polyfoam over .125" plywood backing
 - **Seat:** Removable with 2" polyfoam with bonded Dacron
 - Insulpad and coil springs
 - **Seat Platform:** .75" CDX exterior grade plywood
 - **Booth Platform:** .75" CDX exterior grade plywood
 - **Other services are available at a minimal charge including:** field dimensioning (including templates when necessary), delivery and installation.

Inside Back Styles

Plain upholstered (standard)

Diamond tufted

3" – 6" wide vertical channels

Biscuit tufted

6" wide horizontal channels

Plain back with 4" – 6" wide headroll

Graduating width horizontal channels

Plain back with 3" wide picture frame headroll

High rise curved back

End Panel Styles

Wrap-around upholstered (standard)

Self upholstered with welt all around

Self upholstered with french stitch

Self upholstered with baseball stitch

Applied upholstered end panel with welt all around

Applied .75" self edge plastic laminate or wood veneer end panel

Seat Styles

Plain upholstered with french stitch on all seat top edges (standard)

Waterfall upholstered front and back edges with french stitch on ends

Waterfall upholstered front and back edges with baseball stitch on ends

Plain upholstered with baseball stitch on all seat top edges

Plain upholstered with welt on all seat top edges

Waterfall upholstered front and back edges with welt on ends

Seat Apron Styles

Flush seat apron (standard)

Recessed seat apron

Kickbase and Leg Styles

Enclosed kickbase square corners, square or slanted profile (standard)

Enclosed kickbase radius corners

Metal or wooden post legs

Metal or wooden square post legs

Tapered wooden legs

A recessed kickbase can be used in conjunction with leg supports for additional stability.

Outside Back Styles

Unfinished (standard)

Plain upholstered with welt

Applied .75" thick self edge plastic laminate or wood veneer back with welt

1.75" Thick Edge (per table)	175E	15%
(see edge details for specific profiles)		

Base Options

AH Alternate Height Base **\$66**

WCI table bases are available in a custom height within the range of 16" - 41" (per column). Alternate height Florentine bases are \$166.

GSL Super Level Glides **\$34**

Overall height of .75" is recommended for use on uneven or hard surface floors. Eliminates table wobble by automatically self-leveling. Adjusts up to .25" of wobble. Super level glides will not affect the overall height of the table. Super Level Glides are not available on Disc or Platform series. Sold in set of 5 (per base).

GPUPC & GPUPL Puck Style Glides **PC \$80**
PL \$80

Puck style glides are included on the Presidio base and can be specified on the Dunhill base. The Puck style glide is .375" thick with a 2.5" diameter and can be powder coated (GPUPC) or polished/satin chrome (GPUPL) (per each).

FFG Floor Fastener **\$34**

Cast iron, mounted inside post leg column with set screw; fastener to attach leg to floor is not included. Available for 2.5" and 3" diameter Post Leg columns only (per leg).

TWC2 Casters 2" Twin Wheel **\$56**

Twin wheel casters are 2" diameter black nylon with a black nylon hood and locking tab. Casters will not affect the overall height of the table. Casters are available on Dunhill, Mark IV, Post Leg, Slimline and Tuscan series. Sold in set of 4.

TMX/TMT Tilt-top with Standard Cable Release **X-base \$270**
T-base \$418

For use on table bases with up to a 2.5" column diameter. The cable release mechanism activates both mechanisms on a table with two single column T-bases. It is not available on TT bases or Post Leg.

FM Folding Mechanism **T-base \$270**

Folding table mechanism must be activated individually. The folding mechanism is available on Dunhill, Mark IV, Slimline and Tuscan T-bases only. It is not available on TT bases or Post Leg. For use on tables bases with up to a 2.5" column diameter.

Top Options

CS Custom Size/Shape **\$14**

WCI can manufacture many different size and shape tops; please call customer service 800-243-3150 for more information

CRC Custom Radius Corner **\$14**

WCI can manufacture specific custom radius corners; please call customer service 800-243-3150 for more information

CRL3 3" Radius Corner **\$34**

3" Radius corners are available on laminate tops with a self-edge, also available on Ultrafoam and Corian® tops. (per corner)

CRW3 3" Wood Radius Corner **\$82**

3" Radius corners are available on laminate tops with wood edges. Not available in LWFL, WWFL, LWPI, WWPI (per corner)

UMB 2" Umbrella Hole **\$248**

Available on Outdoor Basic Round, Bistro, Flat Round, Disc, Park and Platform tables only (per table).

Edge Options

175E 1.75" Thick Edge **15%**

The 1.75" thick edge is built-up on a 1.25" thick top. Available on a self edge laminate, square wood edge, flat wood edge, or a bullnose wood edge profile (per table).

Grommets

GMBK, GMSC & GMPC 2" Round Metal Grommet **\$138**

Matte black (GMBK), Satin chrome (GMSC)
Polished chrome (GMPC)

GPMBK 2" Round Plastic Grommet **\$44**

Matte black (GPMBK)

Modesty Panel

MODLFX & MODVFX Fixed Modesty Panel **LFX \$248**
VFX \$386

.75" thick x 9" high. Specify to match the width of the table. Laminate fixed modesty panel (MODLFX) has a black flat T-mold edge with 1" radius corners. Veneer fixed modesty panel (MODVFX) has a matching .125" thick flat wood edge with square corners.

MODLFL & MODVFL Folding Modesty Panel **LFL \$330**
VFL \$468

.75" thick x 9" high. Specify to match the width of the table. Laminate folding modesty panel (MODLFL) has a black flat T-mold edge with 1" radius corners. Veneer folding modesty panel (MODVFL) has a matching .125" thick flat wood edge with square corners. The folding bracket is 10 gauge steel with a matte black finish.

Ganging Clips

GC Ganging Clips **\$148**

Connects two table tops for use as one large table. Friction and bolt release allows for quick separation. Set includes two clips and two brackets. One set is recommended per table side.

Wire Management

WMJ Black Plastic J-Trough 48" long **\$116**

Under table mounted J-trough provides concealed cable management. Matte black plastic, attachment hardware not included.

WML Legway Wire Manager 26" **\$56**

Vertical trough provides concealed cable management. Matte black plastic, attachment adhesive included.

Data and Power

DPBS2 Recessed Power and Data Module Two **\$396**

Recessed table top unit with 2 receptacles, 15amp circuit breaker, 3rd receptacle on the bottom, 1 cut-out for telecom plate (telecom plate not included); includes a 6' cord (DPBS). Available in matte black (MBK) or satin aluminum (MSA)

DPBS4 Recessed Power and Data Module Four **\$688**

Recessed table top unit with 4 receptacles, 15amp circuit breaker, 4 cut-outs for telecom plates (telecom plates not included); includes a 6' cord (DPBS) Available in matte black (MBK) or satin aluminum (MSA)

DPAS2 Retractable Power and Data Module Two **\$606**

Retractable table top unit with a fluid, one touch door that remains open during use. Includes 2 receptacles and 2 data openings (data jack and couplers not included) (DPAS2). Available in satin aluminum (MSA)

DPAS3 Retractable Power and Data Module Three **\$688**

Retractable table top unit with a fluid, one touch door that remains open during use. Includes 3 receptacles and 3 data openings (data jack and couplers not included). (DPAS2) Available in satin aluminum (MSA)

DPUS2 Undermount Power and Data Module Two **\$358**

Under table mounted unit with 2 receptacles and 1 cut-out for telecom plate (telecom plate not included). includes 9' cord (DPUS2) Available in matte black (MBK)

Other

TTRK Table Truck for Folding Tables **\$1512**

Table Truck for folding tables, 34" wide x 72" long holds 6 folding tables; shipped knocked down. Available powder coated in matte black (MBK) (TTRK)
