

Calypso

Asymmetrical task light suitable for the modern office with medium-sized workspaces. Strong combination of low wattage consumption and superior light output.

TECHNICAL INFORMATION

Design: OS2 Industrial design, Kathinka Dyste & Even Wøllo

Asymmetrical task light suitable for the modern office with medium-sized workspaces. Calypso comes in a standard design which prevents the discomfort of glare when used in open office landscapes. Supplied with electronic ballast to eliminate flicker. An optional high/low dimmer enhances Calypso's already low power consumption attributes.

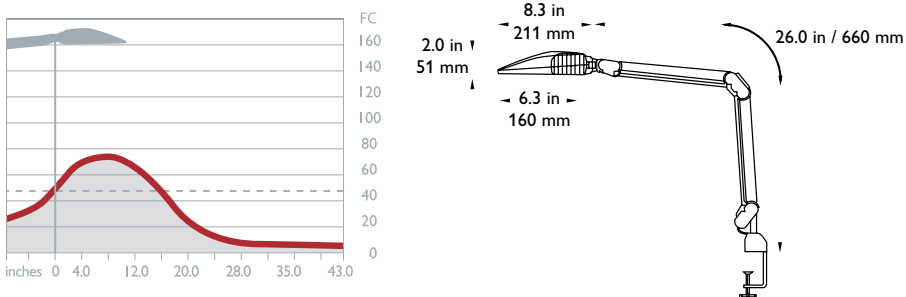

Light source: 13W compact fluorescent tube

Arm length: 660 mm (26 in.)

Mounting: Edge Clamp, Panel Mount.

Accessories: Table/Desk Base.

Open office landscapes place heavy demands on the lighting as glare from unshielded light sources, i.e. nearby task lights, can be disturbing.
