

LEYTON

krug

Leyton's design range includes versions with arms, without arms, and with a wood surround on both armed and armless styles - please refer to the two additional Leyton brochures to see the full product range.

Seat and back cushions are fixed, but can be specified as removable (upholstery covers are replaceable on the removable versions) Table tops are available in standard and custom ranges of quarter- and rift-cut veneers, solid surface, and laminate. Heavy duty construction and material options make Leyton a solution for higher traffic and intensive use settings, including bariatric applications.

All products are air emissions certified and are available as FSC® certified

Leyton is modernist simplicity: sleek and devoid of adornment, yet exceedingly comfortable and elegantly detailed. This portion of the extensive Leyton offering features slim arm panels and is fully upholstered, either in a single upholstery cover or in a combination of covers. Seams are expertly stitched. The base on both the seating and tables is polished chrome.
