These frames are made of heavy gauge aluminum extrusions and solid cast aluminum components. Frame parts are formed to shape by automatic presses with specially designed dies to assure all parts are uniform. All parts are heliarc welded to provide better penetration and strength, then hand ground to ensure a smooth appearance. The finish is Diamond bond and utilizes the latest technology in powder coat finishing.

Winston Premium Collections are available in Select Finishes only shown on page 95. Refer to pages 76-79 for complete table offering and pages 91-92 for sling fabrics. Contact your sales representative for additional fabric selections and product information.
