## Eames LCW Plywood Lounge Chair Replica in Cowhide

80175

### Details

---

The Eames LCW Plywood Lounge Chair in Cowhide is a high quality reproduction in the style of the original design.

The original designed Eames molded plywood chair was a boldy inovative breakthrough when it was introduced in 1946. Comfortable, practical and lightweight, it looks as contemporary now as it did then - a modest chair that has come to represent the best of modern design. Low-slung, lightweight and built for longevity, our LCW chair replica is true to the original icon. It is constructed with a molded 5-ply seat and back with 8-ply legs. Rubber shock absorbers are on each leg to ensure stability.

Overall Dimensions: 21.75"w x 22.75"d x 27.5"h x 15"sh
