## Florence Knoll Chair Replica

80043

### Details

---

The Florence Knoll Style Lounge Chair is a high quality reproduction in the style of the original design.

Designed in 1954 as part of a seating series that includes the armchair, 2-seater, 3-seater and daybed. Florence Knoll's pieces are simple, architectural designs that stand the test of time. Her lounge seating, sofas, tables, and storage adapt flawlessly to any environment, with their clean, linear design and incredibly durable, high-quality construction. These pieces are built to last a lifetime - or several lifetimes. Not flashy pieces at all, she said that her own work "filled in the gaps" for star pieces by Bertoia and Saarinen, but today we know that they stand in a class all by themselves.
