Panton S Chair Replica in Fiberglass

80012

Details

The Verner Panton Style Chair is a high quality reproduction in the style of the original design.

Originally designed in 1968, the side chair was the first single-material, single-piece chair. The cantilever base and carefully considered shape ensure that it offers a high level of comfort to the user. This chair is practical, beautiful design icon that will liven up any space without breaking the bank. This version is produced using fibreglass as per the original design.

Overall Dimensions: 19.75"w x 23.75"d x 32.75"h x 17"sh
