

Whether your outdoor living area is in a small urban setting, high up in an ocean side retreat or simply have little space to enjoy the casual outdoors, Winston Contract's smaller scale Vertical Living Collections are the perfect fit. The striking design of Metropolitan and Carlisle offers the appropriate look for any setting. And the comfort of these pieces is every bit as comfortable as their larger counterparts. Small tables in dining and balcony height are offered in two styles of cast aluminum tops.

Whether you enjoy the outdoors high up in the cityscape or in a small garden patio, Winston's Vertical Living™ Collection was designed with you in mind. Although they are smaller in scale than regular size dining chairs, the size of these products fit perfectly with regular size dining tables.

These collections are available in Select Finishes only shown on page 95. Refer to page 67 for complete table offering. Contact your sales representative for fabric selections and additional product information.

Table Recommendations: Use table bases 9352B and 9352BB and any -052 or -044 Alternative Top. See page 67 for table bases.
