Ordering Information

Choose the Gallery Shell size desired from each of the listings above and on the opposite page; a shell is comprised of a top and a 42h panel. Note the ItemNo and List \$ that correspond to the depth and base treatment desired. Follow the ItemNo column down until you have located the first (left-most) end panel or pedestal desired, then append the letter/number code to the original item number and add the price to the original price. Continue adding modules in this manner until your unit is complete.

The overall unit width will be the accumulated widths of all modules chosen; this dimension cannot be greater than your shell width. The overall price will be the accumulated prices and the final item number will be the original number plus all of the letter codes for the pedestals added.
