

AMBRA

Hand carved by artisans to fit seamlessly into the Ambra pattern, each stone undergoes a unique, time intensive process that both hones and polishes the stone, leaving a three dimensional relief. Evocative of flames roaring across a canvas of waves flowing atop a pond, Ambra brings the beauty and power of the elements to your walls. Precision designed for modern installations, Ambra is calibrated to $\frac{3}{8}$ " thickness to ensure compatibility with your design.
