

VESTIGE

Vestige is a collection of uniquely beautiful stones, deeply brushed for a textural finish that accentuates their natural veining. From Cloud limestone, with soft shades of grey and subtle linear veining, to Ash limestone, with rich taupe tones and linear veining, to Zebrano marble, with rivers of deep burgundy veins on a background of varied olive-gray, each stone in the Vestige collection exhibits a texture both tangible to the eye and inviting to the touch.
