

ARTISTIC TILE

FERRARA SLAB

A sublime Italian marble with brushstrokes of brown and grey, FERRARA delivers elegance and luxury to any project. FERRARA's unique linear veining adds incredible depth and harmony. Quarried in Italy's Bettogli Mountain, FERRARA comes from the same mountains that give us classic Statuary and Calacatta Gold marbles.

NOTES

*Acid Sensitivity: This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.

*Shower Wall & Floor: Per MIA guidelines, fiberglass mesh backed slabs are not recommended for showers.

*Setting Material: Horizontal applications. Vertical applications of 3cm material require anchoring. May have fiberglass mesh backing, choose setting materials accordingly.

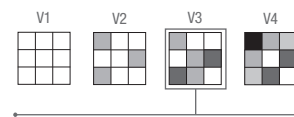

*Grout Joint: Interior flooring - 1/8" minimum, interior walls - 1/4" minimum, exterior paving - 1/4" minimum, exterior walls - 3/8".

*Tailored To Customization: Finish - on smaller cut-to-size pieces, 28" maximum width.

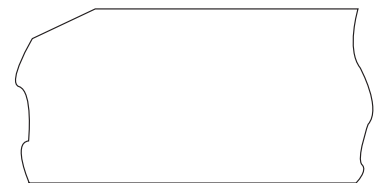

Tech Notes: Alternate finishes and thicker formats available on special order as required for heavy commercial, exterior and other special applications.
