NOTES

*Counter Top: Grigio Toscana may etch when exposed to acids. A honed finish is recommended for applications with potential acid exposure to reduce the visual impact of etching.

*Tailored To Customization: Saddle & Vanity Top - Slab

*Grout: Mapei Keracolor Unsanded or Mapei Keracolor Sanded.

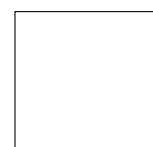

*Caulk: Mapei Keracaulk Unsanded or Mapei Keracaulk Sanded.

*Installation Instruction: For Grigio Toscana tile & mosaics use TCNA Handbook, for slabs use MIA DSDM.

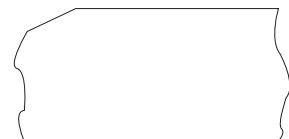

Tech Note: Alternate finishes and thicker formats available on special order as required for heavy commercial, exterior and other special applications.

Do not install with organic adhesive, or in areas with rising moisture. Consider the use of a waterproofing membrane when installing on a concrete slab. Check moisture level of concrete substrate prior to installation.

Stone may darken when used in wet areas.
