

Zero* V.O.C. Interior/Exterior Alkyd Emulsion Finish

Architectural Coating - Premium Plus

Description

Protec is a premium plus high performance semi-gloss alkyd emulsion enamel, which is uniquely formulated for a wide variety of surfaces and conditions. It has strong corrosion resistant properties making it an excellent choice as a rust preventative coating on metals. Protec Alkyd Emulsion can be used as a DTM on properly prepared surfaces (for more information regarding DTM applications, contact a Vista Representative). In addition, it has excellent resistance to abrasion, moisture and chemical fumes. Protec can be used as an industrial maintenance coating on metal, wood, concrete and masonry. It is a super compliant "green" coating that is designed for use on all interior/exterior architectural surfaces. Protec has very low odor and zero* VOC.

Recommended Uses

Properly primed interior/exterior concrete and masonry, wood (i.e. doors & frames) and metal (i.e. doors & frames, garage doors & wrought iron surfaces) that require a tough, durable, washable surface. NOT RECOMMENDED OVER UN-PRIMED GALVANIZED SURFACES.

Colors

White and Black Bases: A, D and P

Packaging

One and five gallon containers

Hinish

Semi-Gloss, sheen @ 60° = 75.0%

Surface Preparation

Proper preparation of metal surfaces is essential to performance of water based coatings. Remove oil, grease, dirt, loose rust, loose peeling paint or other contaminants. Some metal surfaces, such as new galvanized metal may need to be acidetched and then cleaned from any acid residue. Glossy surfaces must be sanded.

Primer

Concrete/ Masonry: 4600 Uniprime II Wood: 6600 Aqua Lac

9600 Protec Metal Prime White Ferrous Metal:

9610 Protec Metal Prime

Red Oxide

4800 Metal Pro White Non-Ferrous Metal: 4810 Metal Pro Red Oxide

Application

Brush, roll or spray. Ambient and surface temperatures must be above 55°F and relative humidity below 80%. Clean tools and equipment with soap and water.

1 hour Recoat: 6 hours

Coverage

300 – 350 square feet per gallon, depending on surface.

Wet = 5.0Drv = 2.0

Thinnina

Use water sparingly.
