## 941 RECESSED STEPLIGHTS

**GENERAL DESCRIPTION:** The Gardco 941 step and aisle lights are architecturally styled luminaires of minimal scale precisely constructed of die cast aluminum. The 941 was specifically designed to incorporate long life compact fluorescent lamps and to be used in all types of wall construction. A field adjustable junction box further enhances its design flexibility. Self-compensating silicone gasketing completely excludes moisture, insects and contaminants. A choice of three (3) architecturally designed faceplates allows for a variety of applications.

### ORDERING

PREFIX	WALL TYPE	LAMP	FACEPLATE	VOLTAGE	FINISH

Enter the order code into the appropriate box above. Note: Gardco reserves the right to refuse a configuration. Not all combinations and configurations are valid. Refer to notes below for exclusions and limitations. For questions or concerns, please consult the factory.

#### PREFIX

941

*NOTE: Back housings for concrete pour applications (types U and C) are available for pre-shipment. Contact factory for details.*

#### WALL TYPE

**U Universal**  
Suitable for all wall types including drywall, direct burial in insulation and concrete pour.

**D Drywall**  
Not suitable for concrete pour applications. Also, if insulating material is present, it must be kept at least 3" away from luminaire. Type D units are thermally protected

**C Concrete Pour**  
Suitable for concrete pour applications only.

#### LAMP

**U Type**  
7/9TF 120V only  
13QF  
18QF

**D and C Types**  
INC 60w maximum, 120V only

TF - Twin Tube Compact Fluorescent  
QF - Quad Tube Compact Fluorescent  
INC - Incandescent

#### FACEPLATES

**LV** Louver  
**PG** Prismatic Glass  
**DG** Diffuse Glass

#### VOLTAGE

**120**  
**277**  
**347**

#### FINISH

**BRP** Bronze Paint  
**BLP** Black Paint  
**WP** White Paint  
**NP** Natural Aluminum Paint  
**OC** Optional Color Paint  
*Specify RAL designation ex: OC-RAL7024*  
**SC** Special Color Paint  
*Specify. Must supply color chip*

## 941 RECESSED STEPLIGHTS

### SPECIFICATIONS

#### FACEPLATE

One piece die cast aluminum, secured to housing with two (2) recessed and captive hex head socket screws. Integral spring clips ensure positive grounding. Self-compensating single-piece silicone gasketing allows for varying wall thicknesses.

**LOUVER:** Die cast louvers span the entire length of the faceplate, providing for vandal resistance and glare control.

**DIFFUSE GLASS:** 1/8" (.32 cm) thick white diffuse opal flat tempered glass lens.

**PRISMATIC GLASS:** 1/8" (.32 cm) thick prismatic glass lens is internally sealed and mounted and projects light forward and downward.

#### HOUSING

Corrosion resistant die cast aluminum construction.

#### J-BOX

The field convertible junction box is die cast aluminum. It is shipped factory-mounted to the back of housing. The box can be easily positioned on the bottom of the luminaire via two (2) phillips head screws. Each J-box includes three (3) threaded openings (one on each side and one on the bottom) that accommodate 3/4" conduit.

#### ELECTRICAL

**FLUORESCENT UNITS:** High power factor ballast standard. Accepts 7/9w twin tube lamps and 13w and 18w quad tube lamps.

**INCANDESCENT UNITS:** Medium base socket with nickel plated screw shell. Accepts 60w T-10 lamp

#### FINISH

Fade and abrasion resistant, electrostatically applied, thermally cured TGIC textured polyester powder coat.

#### LABELS

All fixtures bear UL or CUL (where applicable) Wet Location labels.
