YOUR LIFE

JUXTAPOSE YOUR LIFE

Hardy and nonporous, DuChâteau Porcelain DeLuxe carries the brilliance of our hardwoods in a quality design and inspired finish that propels design sensibilities forward from every angle. A floor that balances the artistry of nature against modern manufacturing innovation – DuChâteau Porcelain DeLuxe exemplifies what it is to be a luxury hardwood alternative.

VERSATILE

Exceptional for both interiors and exteriors, DuChâteau Porcelain DeLuxe Collection features a multitude of design potential that blurs the line between indoor and outdoor environments.

MONZA

IMPERMEABLE

Ideal for both residential and commercial applications,

Porcelain DeLuxe is an excellent option for those wanting a low-maintenance, hard-wearing floor. Because of its impermeability over traditional ceramic, our porcelain is stain-resistant and performs well in wet or damp environments.

TACTILE

True to the texture of our hardwood roots, Porcelain DeLuxe mimics the distinct character of our signature hardwood collections in four-foot nominal lengths. Tile edges have been kept sharp to ensure tighter grout lines for a more seamless finished floor, one befitting the DuChâteau aesthetic.
