

AFIRMA™ Hardback Tile

← **Antron®, Ascend or Universal nylon 6,6 tufted face product with XTERA™ soil and stain protection**

← **Non-woven primary stabilizer** contains 45% recycled content and enhances dimensional stability.

← **High performance pre-coat** increases yarn bundle encapsulation and tuft lock providing clean tile edges.

← **Thermoplastic adhesive** provides an impermeable moisture barrier and bonds carpet to fiberglass layer; contains 65% recycled content.

← **Non-woven fiberglass stabilizer** provides superior dimensional stability.

← **Thermoplastic hardback** contains 65% recycled content; includes a 15-year warranty for problems associated with edge ravel, delamination, tuft bind, and moisture penetration.

← **Bonding stabilizer** adds dimensional stability and optimizes bond between tile backing and adhesive.

AFIRMA™ Hardback Tile backing structure contains 44% pre-consumer and 16% post-consumer recycled content. It is certified Cradle to Cradle Silver and CRI Green Label Plus.
