BACK PAINTED GLASS CONFERENCE TABLES

Fulbright & Company has been specializing in manufacturing finer quality office furnishings for over 20 years, working with some of the most prominent design firms in the world. Fulbright's back painted glass conference tables are the newest addition to our extensive line of custom wood, stone, metal, and glass conference tables.

AVAILABLE IN A VARIETY OF SIZES, SHAPES & COLORS

Fulbright back painted glass conference tables are available in many standard sizes & shapes. Custom sizes, shapes and colors can be generated to fit your precise design needs. The tables are offered with our wide ranging line of wood, metal and laminate bases. Power & Data may be added to your table from our extensive selection of power, voice & data products as well.

» Visit our parent company’s website to see our unique custom capabilities at fulbrightco.com

COLOR CHOICES AVAILABLE

The Edge Detail

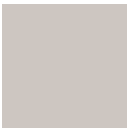

The back painted glass tables are made of 1/4" low iron tempered Starphire glass, which is laminated to a 1" reverse beveled wood substructure. This method of application provides the table with the utmost in strength and design.
