# KI TASK CHAIRS OVERVIEW

Clean lines. Versatile styles. Unparalleled comfort.

KI is dedicated to providing comfortable sitting in any setting. From office and conference areas to labs and classrooms, KI offers a wide variety of simple or advanced function chairs, conference seating, and task stools that cater to any need.

ADVANCED FUNCTION

SIMPLE FUNCTION

## CONFERENCE

## PEAK PERFORMANCE

People sit, but rarely sit still. KI task seating offers ergonomic features such as lumbar supports, arm rests, firmness of cushion, and more, so that as you move, you receive ergonomic support.

Due to the breadth of offering, KI can offer ergonomic seating solutions at various price points to meet any budget.

Not all chairs are created equal — nor should they be. Depending on your needs, KI provides all levels of functionality in task chairs from simple to advanced. Several chairs are warranted for 24/7 usage — extreme durability. Plus, many KI task chairs have been tested to support 300 pounds — superior strength.

## TASK STOOL

# ADVANCED FUNCTION TASK CHAIRS

The average person spends 3 to 4 hours per day at work or school sitting in front of a computer. The right task chair can ensure comfort. Ergonomic benefits can help increase production and decrease medical issues related to poor posture. KI offers a range of task chairs that address proper sitting. With options such as lumbar support, adjustable seat depth, back tilt, optional armrests and more, we can help you find the ideal task chair. KI also offers ergonomic task chairs at various price points, ensuring you stay within your budget.

# SIMPLE FUNCTION TASK CHAIRS

When simple is all you need, KI's simple function task chairs provide subtle, yet stable, support in styles to complement any space. These chairs are truly responsive - encouraging changes in posture and position, enabling collaboration and promoting the juggling of multiple tasks. Fewer controls and smaller scale make them simple to use and simple to move from one space to another. Recommended for touch-down sitting — 1 hour or less.
