

Altro Transflor Tungsten™

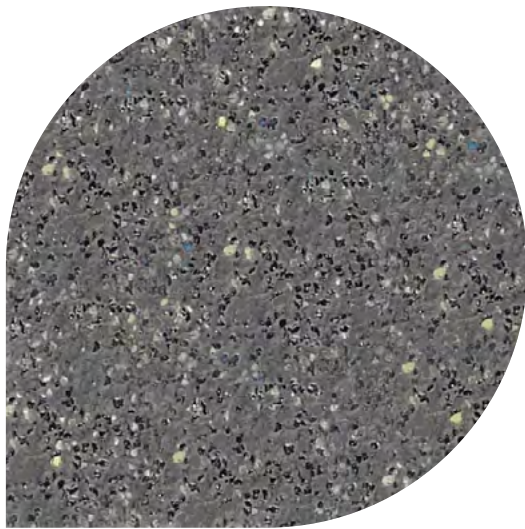

Typical applications:

PVC free applications, subway, standard train, commuter rail, monorail, airport shuttles, high-speed train

Extremely flexible and strong, Altro Tungsten is a PVC-free, fleece-backed acrylic safety flooring range that fulfills the need for resilience and safety in areas in which vinyl flooring is not the preferred option.

Altro Tungsten comes with full fire, smoke, and toxicity compliance, high slip resistance values, and low weight for fuel efficiency. With heat-welded joints, create a seamless finish that is watertight and airtight, preventing subfloor damage.
