VINTAGE LEATHER

Vintage leather is a natural material which is permeable to air and moisture; it is supple and soft, warm, flexible and durable – its characteristic comfort properties have been appreciated since time immemorial. With its fine finish, vintage leather is flameresistant, lightfast, oil-resistant and waterrepellent. It complies with today's most stringent standards. The exquisite beauty and true naturalness of vintage leather is easy to clean and care for and it retains its original beauty for a very long time.
