Standard Tablet Arms

(KI seating option)

Rev: 10012015

Product Category: Accessory/Seating Option

Certifications:

- SCS Indoor Advantage™ Gold
 - where used on KI seating lines
- CARB Compliant – Phase II
- FSC® Certified
 - Trademark License Code: FSC-C011706

LEED Contributions:

- Recycled Content
- Regional Materials
- Low Emitting Materials
- Renewable Materials
- FSC Option

Program Overview:

Category	Credit	Contribution
Materials & Resources	Recycled Content - 10% or 20% recycled content	Post-consumer and Pre-consumer % by weight
	Regional Materials Manufactured within 500 miles of the project location.	Manufactured in: Green Bay, WI 54302 Bonduel, WI 54107
	Certified Wood FSC-Certified wood products used	Certified wood available by request Chain-of-Custody certificate
Indoor Environmental Quality	Low Emitting Materials	SCS Indoor Advantage Gold No added Urea Formaldehyde (as standard)
Pilot Credits	Ergonomic Strategy	Identify activities and benefits of ergonomics in furnishings, equipment and education.
	Environmentally preferable interior finishes and furnishings	ANSI/BIFMA e3 – level Furniture Sustainability Standard

Recycled Content Summary (averaged):

Material*	Average % Weight	Recycled Content %	Post-Consumer		Pre-Consumer		Can be recycled?*
			%	% Weight	%	% Weight	
Steel	35%	25%	12.0%	4.2%	13.0%	4.6%	Y
Wood Plywood	64%	0%	-	-	-	-	Y
Other Materials	1%	0%	-	-	-	-	-
Sub Total	100%		4.2%		4.6%		
Total Overall Recycled Content			8.8%				

Disclaimer: Numbers may vary based on model and options selected. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. KI makes conservative assumptions when compiling information to provide the most accurate recycled content calculations possible. This document will be reviewed and updated periodically and is subject to change without notice.

* Product Recyclability is dependent on local programs.

Environmental Data Sheet

Standard Tablet Arms

(KI seating option)

Rev: 10012015

Other Materials Recycled Content Overview:

Material*	Recycled Content %	% Post Consumer	% Pre Consumer	Can be recycled?*
Corrugated Packaging - From SCS Sources	60%	59%	1%	Y

Packaging has large amounts of recycled content – an average of corrugated material, where corrugate is used. Packaging materials, plastic banding and skids can be recycled at the jobsite if requested.

Wherever possible, blanket wrap is used thereby eliminating the packaging waste. These packaging options help to support LEED NC & CI – MR 2.1 and MR 2.2 *Construction Waste Management* or LEED EB - MR Prerequisite 1.1 *Source Reduction and Waste Management*.

SCS Indoor Advantage™ Gold

It also qualifies for LEED low-emitting materials credits, complies with ANSI/BIFMA X7.1/M7.1, meets CA 01350, and sets you up to achieve the highest possible PHAROS score under the Healthy Building Network.

Other Attributes:

No-Added Urea Formaldehyde (NAUF): Standard NAUF.

End-of-Life Recycling & Reuse: KI selects materials that can be recycled at the end of a product's use and designs its products so that it can be easily disassembled and separated for local recycling facilities.
