SINGLE PEDESTAL SEATING

KI FIXED SEATING OVERVIEW

Lecture halls directly reflect a facility's image and are a key component in attracting and retaining students. With KI fixed seating, you can create inspired spaces that enhance the learning experience and foster student success.

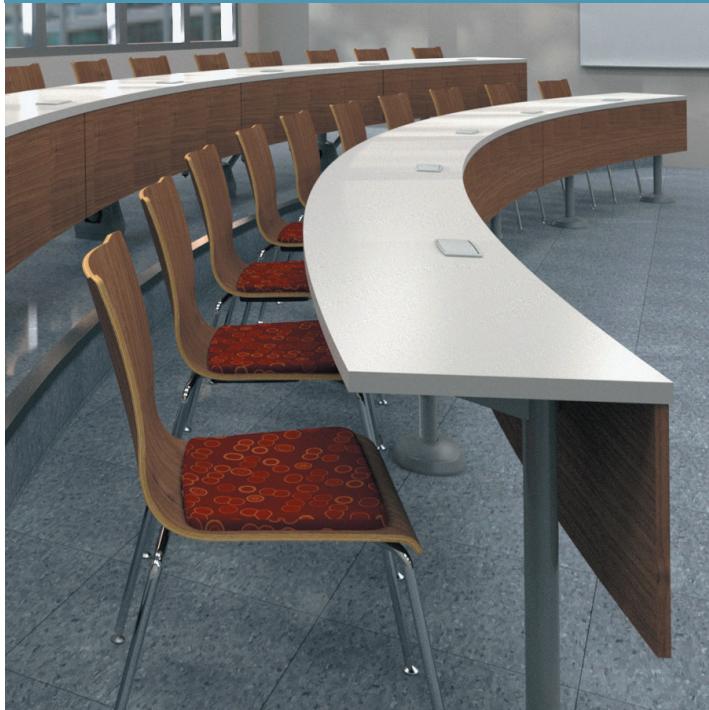

Fixed-flexible environments combine the right balance of static and dynamic. State-of-the-art, technology-rich lecture spaces include an unprecedented degree of flexibility and versatility. Seats that rotate 360 degrees enable the formation of teams quickly and efficiently. Yet stationary bases and automatic memory seat-returns maintain an orderly, uncluttered room appearance.

UNIVERSITY SEATING

University seating is an integral part of any interactive learning or training environment.

Fixed worksurfaces provide space for writing, computing or collaborating. Swing-away arms (two sizes) support thirteen seating styles – for the look, the comfort, and the price that's just right. Seats swivel and align automatically when vacated – so rooms never look cluttered. And, optional 360-degree swivel enables shared worksurface collaboration.

OPTIONS

- Power/Data on surface or under surface
- Height-adjustable seats
- 360-degree swivel seats (select seat styles only)
- Twelve seating styles
- Two base options
- Five edge styles
- Variety of modesty panel styles and materials
- Custom modesty and end panels
- Curved, straight, or angled rows
- Flat or sloped floor mounts

SEMINAR TABLES

Fixed Seminar tables meet a wide range of space requirements. Permanently mounted cantilevered pedestal legs support continuous or non-continuous worksurfaces arranged in straight, curved, or angled configurations.

In conjunction with loose seating or fixed Jury Base seating, arrangements are flexible and students can collaborate by gathering around the fixed worksurfaces.

OPTIONS

- Power/Data on surface or under surface
- Two base options
- Five edge styles
- Variety of modesty panel styles and materials
- End panels
- Unlimited height options – ideal for tiered rooms.
- Curved, straight, or angled rows
- Flat or sloped floor mounts

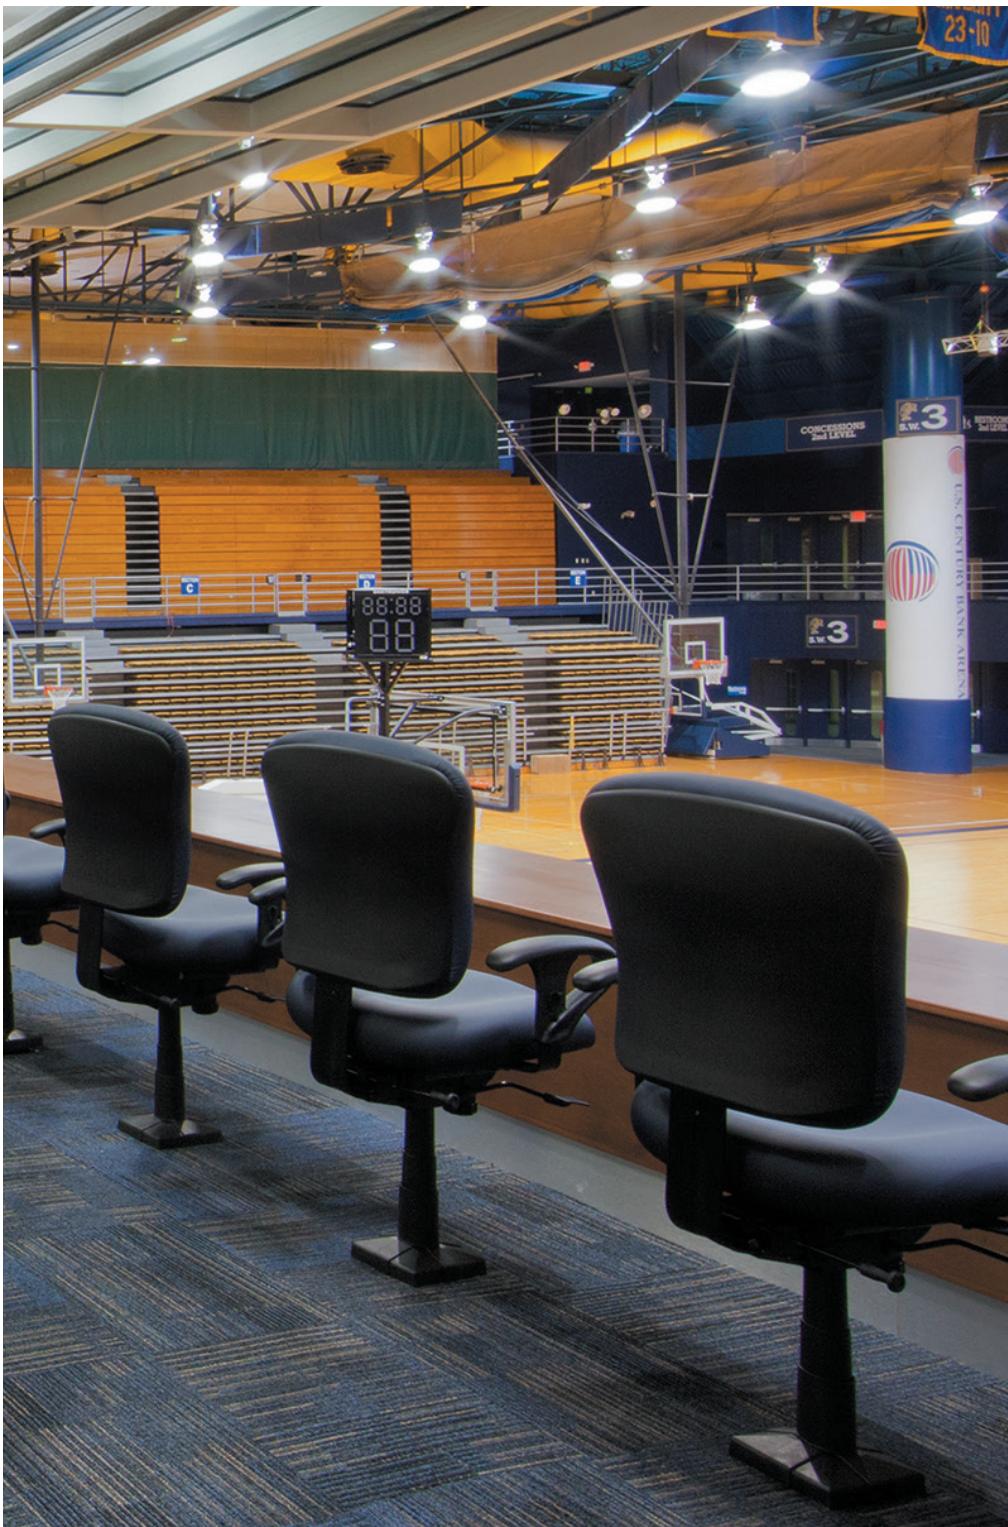

JURY BASE SEATING

For critical listening, observation, and collaboration, the Jury Base 360-degree rotation allows interaction in any direction and minimizes user fatigue. Yet, spaces maintain a clean, controlled look due to the automatic memory-return seats.

OPTIONS

- Seat-slide mechanism for individual adjustability
- Fixed or adjustable height
- Two base options
- Twelve seating styles
- Flat or sloped floor mounts

SINGLE PEDESTAL SEATING

Minimize distractions with tablet arm seats that are individually fixed to the floor. Maximize potential with ultra-flexible, leading-edge seating configurations – positioning of individual seats is unlimited.

By combining 360-degree rotation and two-on-one tiered arrangements, Single Pedestal seating enables collaboration between two rows.

OPTIONS

- Tablet arm options
- Two base options
- Nine seating styles
- Flat or sloped floor mounts

SEQUENCE SEATING

Durable beam-mounted seats in curved or straight configurations provide ample under-seat clearance for ease of cleaning.

SEQUENCE OPTIONS

- Three tablet styles: G2, K2 and K2 oversize
- Nine seating styles
- Power/Data module
- Curved or straight beams
- Flat or sloped floor mounts

SEQUENCE HD SEATING

Wherever space is at a premium or there are narrow risers, Sequence HD provides comfortable, condensed fixed seating with the narrowest row-to-row spacing (31") of any fixed seating.

SEQUENCE HD OPTIONS

- Tablet arms (three sizes), arms, or armless
- Torsion on the Go! or Torsion Air seating styles
- Power/Data module (flat floor)
- Flex or non-flex back (non-flex back is required for narrowest rows)
- Curved or straight beams
- Flat or sloped floor mounts
