Milliken LVT Construction

1.

ADÁMAS™ POLYURETHANE COATING UV-cured coating, reinforced with silica beads, that provides excellent stain and abrasion resistance, eliminates the need for wax, polishes and harsh chemicals—reduced maintenance costs and contributes to improved IAQ.
2.

TRANSPARENT WEAR LAYER 0.70mm (28 mil) Transparent Wear Layer. Hard-wearing, provides long lasting appearance retention in heavy commercial traffic environments. Superior performance versus traditional 0.50" (20 mil) & 0.55" (22 mil) wear layers.
3.

PRINTED LAYER This layer utilizes high definition print film for stunning, eye-perfect, authentic visuals.
- 4-5.

CORE AND BACKING LAYERS Our high content, 100% virgin vinyl core and backing ensures excellent dimensional stability, impact resistance and durability.

Milliken LVT meets many environmental standards, including:

- 100% REACH Compliant

▪ FloorScore® certified

▪ Declare ingredient label

▪ Third Party Certified EPD

Milliken LVT is highly durable resilient flooring engineered with the highest quality raw materials to provide unsurpassed performance and enduring aesthetics. Milliken LVT is 100% phthalate free utilizing bio-based plasticizers derived from soya bean oil as the phthalate alternative. Also available is Milliken underlayment for use with both our 2.5 mm glue down LVT and our Freelay LVT.
