

## DESCRIPTION

The Lumark Nighthawk III utilizes a soft-cornered aerodynamic design to provide excellent EPA ratings and an aesthetically pleasing appearance. Dark bronze polyester powder coat finish assures corrosion resistance and long-lasting aesthetics. U.L. listed and CSA certified for wet locations. The Nighthawk III uses an innovative die-cut optical design which delivers maximum beam control for storage areas, rail yards, loading docks and building perimeters.

## SPECIFICATION FEATURES

### Construction

**LATCHES:** Formed aluminum flush draw-action latches offer easy access to lamp compartment without tools and maintain integrity of seal when closed. **HOUSING:** Aerodynamically designed die-cast aluminum housing has low EPA rating. **DOOR:** Die-cast aluminum with integral cast hinges for removal without tools. **GASKET:** Door gasket is foam-in-place silicone, providing maximum protection of interior components from the elements.

### Electrical

**BALLAST:** Ballast components are hard mounted to fixture housing for maximum heat dissipation and extended component and lamp life.

### Optical

**LENS:** Heat- and impact-resistant tempered glass. Lens is mounted flush with door surface to reduce wind drag and prevent dirt or moisture from accumulating. **REFLECTOR:** Computer designed die-cut reflector system delivers superior beam control and efficiency.

### Mounting

**Slipfitter:** Die-cast aluminum integral slipfitter mounts on nominal 2 3/8" or 3" O.D. tenons. A degree-marked quadrant is cast in for easy and accurate aiming. **Yoke:** Heavy-duty steel yoke provides flexibility in mounting from a variety of surfaces. **Trunnion:** Die-formed steel trunnion is easily adapted to many areas and allows easy fixture aiming.

**Efficiency Standards Notice**  
Select luminaires are manufactured to USA and California efficiency regulations.

### NOTES:

- Consult an Eaton representative for lamp/ballast type/voltage compatibility.
- 88% efficient EISA Compliant fixtures not available in 347V or TT voltages.
- Not available in 1000W.
- Lamp is shipped separate from luminaire. Lamp is Eaton designated product based on luminaire requirements. Specified lamps must be ordered as a separate line item.
- PC option not available with trunnion or yoke mount.
- Replace XX with color designation.
- Not available with slipfitter-mount.
