

## Traditional style. Remarkable energy savings.

The WPMLED luminaire provides traditional architectural style with high performance energy efficient illumination resulting in significant energy savings. With effective thermal management, the WPMLED luminaire provides glare free, uniform illumination while providing a safe and comfortable visual experience for pathway illumination, building entrances, vehicle ramps, schools, tunnels, stairways and loading docks.

### Superior illumination

The WPMLED luminaire offers a 8,683 lumen package. Offered in brilliant white 5000K and neutral 4000K CCT.

### Significant energy savings

Replaces 320 watt HID fixtures translating to over 84 percent in energy savings over traditional metal halide fixtures, while taking advantage of significant utility rebates.

### Construction

- Rugged, die-cast aluminum housing
- Hinged, removable door for ease of maintenance
- Three 1/2" threaded conduit entry points for thru-branch wiring
- IP66 Rated
- UL/cUL wet location rated

### Optical

- Replaces 320W metal halide luminaires
- Lumen package 8,683 nominal lumens
- Impact resistant borosilicate refractive glass lens
- Greater than 94 percent lumen maintenance at 50,000 hours
- Available in 4000K CCT, 70 CRI and 5000K CCT, 70 CRI

### Electrical

- 120-277V 50/60Hz, 347V/60Hz
- -40°C to 25°C ambient operating temperature range

### Controls

- Button photocontrol (120-277V)

### Options and accessories

- Galvanized coated steel wire guard option

### Mounting

- J-box or conduit installation

### Warranty

- Five-year warranty
