LEX

Beautiful solutions for private, open and collaborative space.
LEX is lean lines and refined minimalism. With a variety of sophisticated components, inherent flexibility, and limitless scalability, LEX is a seamless experience for the unified office.
LEX is more.

LEX bench in Slate Walnut, polished aluminum and smoked glass with mobile storage.

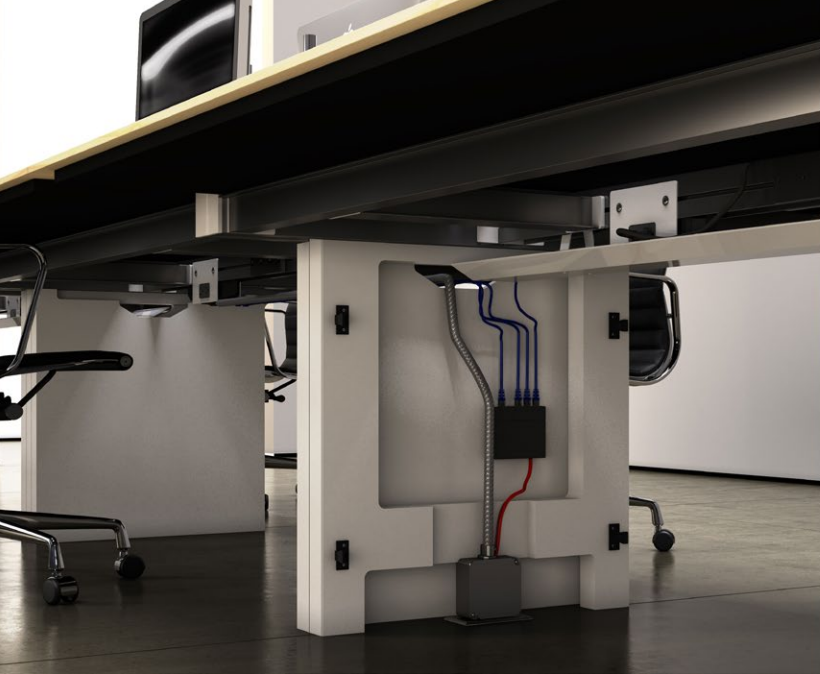

LEX benching is available in multiple materials, finishes and configurations. Shown with worksurface fascia and full end panel.

LEX standing bench is a fixed height solution allowing users to work while standing or seated.

Scalable power and data are delivered seamlessly from the floor through a panel base, leg base, or soft sleeve.

LEX height-adjustable benching incorporates a full range of storage options, materials, and finishes.

Height-adjustable benching features voluminous centerline storage and ventilation to meet high-capacity computing needs.
