Type of Maintenance	Equipment used	Cleaning products	Cleaning methods
Daily Maintenance			To do as needed
Manual cleaning	 	Neutral Cleaner	1- Sweep the surface 2- Wash with mop and cleaning solution 3- Rinse with clean water Note: Never leave the solution on the flooring for a long period of time.
OR			
Auto-scrubber	   3M™ 5000 3M™ 5100	Clean water ¹ or Neutral Cleaner	To do as needed 1- Sweep the surface 2- Scrub with water or solution 3- vacuum-up solution Note: Never leave the solution on the flooring for a long period of time.
Regular Maintenance	   3M™ 5100	Neutral Cleaner or Disinfectant ²	Once every 2 weeks 1- Sweep the surface 2- Scrub with solution 3- Vacuum-up solution 4- Rinse with clean water Note: Disinfectant must be rinsed after application.
Deep Cleaning	   3M™ 5100	Alkaline Cleaner pH 8-11	Every 2 to 3 months 1- Sweep the surface 2- Scrub with solution (Turn-off vacuum) 3- Let solution dwell ± 5 minutes 4- Scrub again (turn on vacuum) 5- Rinse with clean water Note: Never leave the solution on the flooring for a long period of time.

¹Using clean water may not be efficient enough with some auto-scrubber.

²In areas where disinfection is required (e.g. operating rooms, patient rooms. etc.) always rinse 10 - 15 minutes after the application of the disinfectant as, per their manufacturer, the effect of the product last only for that period of time.

NOTE: These instruction must be adapted to the site conditions and traffic patterns observed for the different areas where the flooring is installed.

- Never use cleaners with pH higher than 11.
- There are many different cleaning products on the market, they are not all equally effective.

Following is a list of products recommended by the main manufacturers

Cleaning product Suppliers

XL North 1-888-530-2259
Diversey 1-800-558-2332
Hillyard 1-800-365-1555

Cleaning Products

APC All Purpose
Profi
Super Shine-All

Other brands and products are available on the market.

Your supplier may have equivalent products to the ones recommended.

It is their responsibility to demonstrate the effectiveness of these products.

Never use household cleaning products, scouring pads, steel wool or any abrading product that could damage the surface of the flooring.
