Blades & Baffles FIT TO THE MAX

Vertical elements control acoustics
with an upscale linear visual.

▼ Tectum® Blades™ custom vertical panels – featuring custom C-channel mounting

- Upscale linear visual adds acoustics and aesthetics to any space
- Noise absorption up to 0.41 Sabins/SF
- Custom shapes and sizes available to meet your project needs

▲ Tectum® Clouds

- Noise absorption up to 0.41 Sabins/SF
- Wide variety of color options available
- Installs with 15/16" Prelude® suspension system
- Square or radius edges

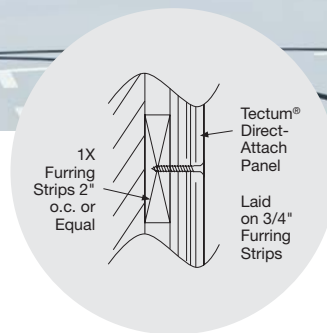

Shapes & Clouds

FLEXIBLE FIT

Shapes and Clouds offer design flexibility in a floating system.

▲ Tectum® Panel Art and Direct-Attach wall panels in White and custom colors

Direct-Attach FIT THE BILL

Install panels directly to ceilings and walls to add durability and noise reduction to a wide variety of spaces.

- Durable for heavy-use interiors
- Retrofit solution for noise reduction
- Excellent sound absorption – NRC up to 1.0
- 1" panels are part of the Sustain™ portfolio
- Can be mechanically fastened to a wide variety of surfaces

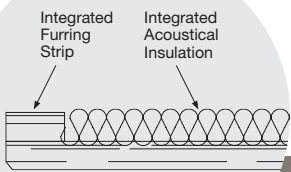

- Abuse resistant composite panel design for maximum noise reduction and efficient installation
- Excellent sound absorption – NRC up to 1.0
- Variety of color options available
- Can be mechanically fastened to a wide variety of surfaces

Finale™ High NRC

A SOUND FIT

Finale™ direct-attach ceiling and wall panels offer maximum noise reduction and reduced installation costs – a perfect way to add acoustics to exposed structure spaces.

▼ Tectum® Finale™ High NRC direct-attach ceiling panels

Lay-In & Tegular FIT FOR PURPOSE

Durable, sustainable, noise control for spaces requiring acoustics and design flexibility.

▼ Tectum® Tegular 24" x 48" panels in White with Prelude® XL® 15/16" suspension system

- Durable for heavy use interiors
- 1" panels are part of the Sustain™ portfolio
- Tegular panels have Total Acoustics® Performance*

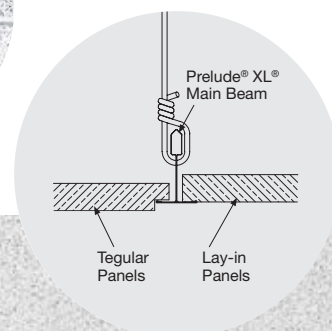

* When installed with Fine Fissured™ infill panels

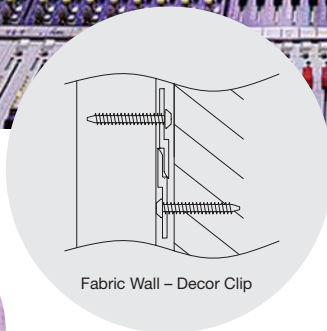

SUSTAIN™

▲ Tectum® Fabric wall panels

Fabric Walls TWICE THE FIT

Fabric walls do double duty, providing both acoustics and a tackable surface for displays and bulletin boards.

- Abuse-resistant, fabric wrapped panels attach directly to walls
- Excellent Noise Absorption – NRC up to 1.0
- Mounting is quick and easy using internal spline system
- Durable fabric options available
- Fabric wrapped to kerf or decor clip, edges unfinished

▲ Tectum® Panel Art ceiling and wall panels

Panel Art FIT TO A "T"

Create your own custom shapes or use one of eight pre-fabricated geometrics to help your ceiling and wall designs take shape.

- Available in eight shapes or create custom shapes from panels up to 48" x 48"
- Noise absorption – NRC 0.40 (1" panel)
- All panels have beveled edges
- Can be mechanically fastened to a wide variety of surfaces

7.5" Hexagon

8" x 16" Right Parallelogram

8" x 16" Left Parallelogram

8" x 16" Rectangle

The Pearl Theater

A PERFECT FIT

The Pearl Theater at The Palms Hotel was designed and built to meet the demands of both the sophisticated local market and the demanding high-traffic, tourist market in Las Vegas, Nevada.

The need for a sophisticated acoustics and aesthetics of the 2,400-seat theater were a major priority. To address both, 1" Tectum® panels were installed throughout the theater.

The result...The Pearl is an acoustically and aesthetically sophisticated space, with abuse-resistant properties that ensure peak performance throughout the venue's lifetime.

CASE
STUDY

TECTUM® MADE TO FIT

Tectum® ceiling and wall panels are available in a variety of sizes, shapes, forms, and colors. Select from a natural factory finish or white, Colorations® colors, or made-to-order Sherwin-Williams® colors. Panels can be field painted up to six times without impacting acoustic or fire performance. Tectum® panels are made to fit your design needs.

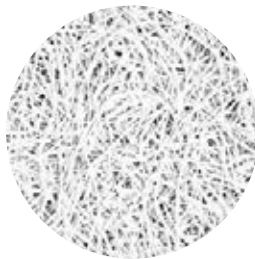

SIZES SHAPES FORMS COLOR
