POD: Ready for takeoff

With space aged styling and bold presence, Pod will definitely not be lost in your space. Inspired in form by the iPod and the spirit by George Jetson, Pod is a blast from the past right back to the future. Fun and functional, Pod is not for the conservative set. Choose Pod to stand out and make a statement.

Design: Dauphin Design Team / Jake Hawkes

POD:

Won't get lost
in your space

With modular backrests, armrests, and a writing tablet, floating or fixed arms, integrated seat or a loose seat cushion; the configurations are limitless. Look for many new variations of Pod in the future. Custom Pods will be available. Have fun with the possibilities. Pod is ready for takeoff.
