**FINISH DESCRIPTIONS**

**Polished**

An elegant and highly reflective surface that is smooth to the touch. Caesarstone’s Polished finish emphasizes color and sets the tone for sophisticated spaces with its stunning luster. The sleek surface helps a room appear more spacious, adds luxury to interiors, and boasts remarkable style and endurance. Our standard finish is designed for life, requiring minimal care and maintenance.

**Honed**

A satiny finish with low sheen and a natural, less formal aesthetic. Caesarstone’s Honed finish exudes an organic appearance with its low light reflection, while retaining a stylish, authentic quality with high design appeal. Smooth to the touch, yet soft on the eye, our Honed finish is in perfect harmony with both classic and modern design approaches. Due to the nature of the surface design, it is recommended that common household spills like liquid droplets and rings are dried immediately. Additional care and maintenance may be required.

**Concrete**

A lightly textured concrete complexion that adds a sensorial dimension to any space. Caesarstone’s Concrete finish has a soft earthiness with low light reflection, similar to Honed but with a tactile effect. The surface evokes a natural feel that brings balance to a room, while delivering a classic industrial presence. Due to the nature of the surface design, it is recommended that common household spills like liquid droplets and rings are dried immediately. Additional care and maintenance may be required.

**Rough**

This rich, complex, technologically advanced surface offers a compelling tactile effect, while still retaining a smooth profile that is inviting to touch. Caesarstone’s Rough finish has a distinctive, courser look with low light reflection, inspiring a modern industrial vibe. Due to the nature of the surface design, it is recommended that common household spills like liquid droplets and rings are dried immediately. Additional care and maintenance may be required. Our Rough finish is designed to reflect the authentic patinas of industrial materials, the variations in appearance capture real depth and movement, revealing different qualities that make each slab unique. When considering this finish, please order a sample or view a full slab at a retail location.

For those considering Concrete, Honed or Rough surfaces please note that these finishes may require additional daily care. Our Rough finish is designed to reflect the authentic patinas of industrial materials, the variations in appearance capture real depth and movement, revealing different qualities that make each slab unique. When considering this finish, please order a sample or view a full slab at a retail location.

# Newest Inspirations

Caesarstone blends function and splendor by continually innovating new premier surfaces that personalize your décor preferences.

This spring, Caesarstone will introduce three new whites to the collection. These white variants provide the perfect prime base, allowing other colors and finishes to stand out.

## 4011 Cloudburst Concrete

Soft swells of pure white veil a creamy white base as rich tones and an innovative texture further define its captivating, infinite beauty. Cloudburst's sophisticated surface delivers a tactile effect of a concrete-like feel. It is the calm before the storm and will elevate a space to new heights. The white on white tonal cloud-like patina, with its low-reflective surface, provides design flexibility by lightening up a space and evoking a refined, urban aesthetic. This Caesarstone color is the romantic interpretation of the industrial interior trend.

6011 Intense White  **NEW**

## 4601 Frozen Terra

A classic, neutral-colored white base is embellished by glimmers of black basalt and translucent grey quartz. Frozen Terra fuses the playfulness of terrazzo with the robustness of concrete translating a sophisticated, worldly vibe. The textured finish further enhances the surface adding another layer of allure. This Caesarstone color compliments both light cabinetry for a casual feel and dark hardware for a chic vibe.

## 6011 Intense White

Petite crystallines softly embellish a bright white base welcoming light into a room, setting the tone for a sophisticated space with a radiant atmosphere. The mosaic-inspired pattern gleams across the expanse of the surface bringing fresh optimism to interiors. Its versatility invites freedom of design complimentary to a variety of cabinet colors. Intense White is further elevated by a 'lightly textured' concrete finish that adds depth and interest.

# Supernatural Design

The Supernatural series is a collection of marble-inspired designs that achieve the exquisite appearance of natural stone and showcase intricate veins, bold colors and deep textures.

## **5031 Statuario Maximus**

Features bolder, natural, darker grey veins sweeping across its soft white base color further enriched by delicate, infused background veins.

## **5131 Calacatta Nuvo**

A symphony of wide, elegant, cascading grey veins on an opaque creamy white base.

## **5111 Statuario Nuvo**

Incorporates delicate finer grey/brown veins, perfect for a subtler overall look.

# Edge Profiles

Your surface is not complete without an edge profile to complement your slab selection and space. With Caesarstone, selecting the best fit is easy. The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge profile design options.

Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. All edge details should have a minimum 1/8” radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4” minimum radius is suggested.

# Wall Applications

Caesarstone has specially selected a range of colors and designs in 13mm thickness for wall applications.

Because Caesarstone quartz surfaces are nonporous and mold and mildew resistant, they are ideal for kitchen backsplashes and bathroom wall panels. Large slab sizes provide a sleek and modern aesthetic, minimizing joints and maintenance.

# Caesarstone Slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity.

# Caring for Your Caesarstone Surface

Honed, Concrete and Rough surfaces may require additional daily and weekly care. Due to the nature of the surface design, it is recommended that common household spills like liquid droplets and rings are dried immediately. As with any matte product, owners of Concrete, Honed and Rough finishes may experience seeing an increase in smudges from everyday living.

Weekly, the surface should be cleaned with Soft Scrub Liquid Gel and thoroughly dried.

We encourage you to order a sample of our products that you are considering. When you receive your sample, try treating it to a few different scenarios that you may face in your kitchen; spill something on it, touch it with greasy fingers, clean it. This will help you understand how the surface responds to your daily life and how comfortable you feel with it.

## Benefits

Caesarstone quartz surfaces are the ultimate combination of nature and technology. Nonporous, scratch resistant and highly resistant to stains, Caesarstone retains its beauty without sealants or waxes and is practically maintenance-free.

## Certifications

Caesarstone is backed by the Good Housekeeping Seal and was chosen as the official countertop for the Good Housekeeping Research Institute.

For those considering Concrete, Honed or Rough surfaces please note that these finishes may require additional daily care. Our Rough finish is designed to reflect the authentic patinas of industrial materials, the variations in appearance capture real depth and movement, revealing different qualities that make each slab unique. When considering this finish, please order a sample or view a full slab at a retail location.

## Designed for Life

## A Culture of Quality

As a leader in our industry, we are committed to the highest quality of our products' technical characteristics, sustainability and certification, which allows us to offer you a Caesarstone lifetime warranty.

You can have peace of mind that your Caesarstone is going to last - even in high-traffic areas.

### **Customer Service**

When considering investing in a premium quartz surface, there is one thing you should know: the surface you choose is only as good as the company that stands behind it, especially when it comes to customer service.

At Caesarstone, we know that once the installation is complete, our job has just begun. Your satisfaction and service experience are very important; you can count on us.

Caesarstone USA, Inc. will warrant, from the original date of installation, material that fails due to any manufacturing defect when fabricated and installed by a Caesarstone Certified Fabricator.
