DOMAINE

Combining design continuity with maximum versatility, Domaine invites you into the world of work. Sleek wire management systems, together with through-the-surface power and data units, demonstrate its functional sensibility while consistent styling, breadth of products and diversity in details allow for seamless integration from room to room. Domaine. The freedom to design environments of choice for the ever-evolving workplace.

Presented with Motto conference chairs.

PRODUCT SPECIFICATIONS

Conference Tables:

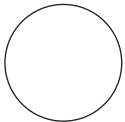

Conference tables manufactured in Maple, Walnut and rift cut White Oak. All standard and custom wood finishes available as well as laminate selections. Four top shape options, three edge details and four base styles offered.

Conference Bases/Technology:

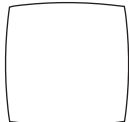

Open, wood paneled and inset wood paneled pedestal bases feature convex triangle base plate to conceal electrical floor monuments and facilitate vertical cord management. Multiple power/data units offered with various access door finish options.

Conference Accessories:

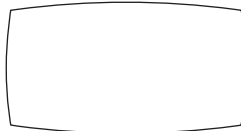

Conference accessories include credenza, buffet credenza, media board and mobile media/server. Available with wood or glass doors and Metallic Silver or Satin Black pulls, each is available in several sizes with distinct features and options.
