Distinctive Classic Curve deco rail design

Attractive tongue & groove picket connection

Durable steel reinforced bottom rail

All vinyl fences are not created equal. CertainTeed Selects stands out from the competition with premium features found on professionally installed fence products. Don't be fooled by imitators — take a closer look at what sets CertainTeed apart.

Innovative styles, colors and textures
• Exclusive CertaGrain® authentic woodgrain texture
• Sierra Blend color recreates the natural beauty of stained cedar
• ColorLast® dark color fade protection for superior protection from the sun

Steel reinforced bottom rail
• Engineered for outstanding strength and durability
• Reinforced with steel for a stronger, more rigid fence
• Reduced risk of sagging or bowing

8' fence sections
• Less material and fewer posts than other fence products
• Large 8' sections save on time, material and installation

Tongue & groove picket connection
• CertainTeed Selects is a true privacy fence
• Pickets insert into a molded channel – not glued in place

Distinctive Classic Curve deco rail design
• Larger 1-1/2" x 5-1/2" rail with the look of fine woodworking
• Delivers distinctive styling only available from CertainTeed

Outstanding warranty protection
• Exceptional lifetime limited transferable warranty coverage
• Exclusive SureStart™ protection, which covers warrantied repair and replacement costs — including labor — for the first five years after installation

Manufactured by CertainTeed
• CertainTeed Selects are manufactured by CertainTeed, one of the nation's largest and most respected building products manufacturers
• CertainTeed has been a trusted name in building products for more than a century

Class A rating for flame spread
• CertainTeed Selects features a Class A rating for flame spread, the best in the business
Newbury
• Size: 4' high x 8' wide
• Color: White
• Pickets: 7/8" x 3" thru-picket "good neighbor" design
• Picket Spacing: 2-15/16"

Scalloped Newbury
• Size: 4' to 3-1/2' high x 8' wide
• Color: White
• Pickets: 7/8" x 3" thru-picket "good neighbor" design
• Picket Spacing: 2-15/16"

Brookhaven
• Size: 6' high x 8' wide
• Color: White
• Pickets: 5/8" x 11-3/8" tongue & groove

Brookhaven with Lattice
• Size: 6' high x 8' wide
• Color: White
• Pickets: 5/8" x 11-3/8" tongue & groove

Brookhaven bracketed fence styles are not recommended for areas where wind speeds exceed 60 mph. For high wind applications, the routed privacy system is recommended.

Features & Benefits
• Thru-pickets slide into routed rail – no screws or rivets
• 11-3/8" tongue & groove pickets – wider pickets equals less installation time; tongue & groove feature eliminates section bracing
• **Larger 8' sections – require less labor and fewer posts than other fence products, providing a clean, continuous look**
• Panel mounting brackets – easy to install and provide installers flexibility for field applications
• Pre-formed channel rails make privacy assembly a snap
• Convenient section packs
• Few parts and pieces – mounting brackets and blank posts eliminate complex parts list
• Simply choose your fence style, post and gate
• **Steel reinforced bottom rail limits sagging**
• Service 80% of your customers' needs with top sellers and provide a full range of fence products with our custom order program
• **"Good neighbor" design – attractive appearance on both sides of fence**
• Tongue & groove picket design on privacy styles
• Distinctive deco rail delivers the look of crown molding
• Matching gates available
• **Brookhaven brackets available in both vinyl and aluminum (aluminum brackets recommended for areas with extreme temperature variations)**

EXAMPLE

This sample layout shows the bracketed system

B: 72' — A: 40' — C: 40' — 14' — gate — House — 12' — E — D

Scale: 1 square = 4 feet

To determine the materials you will need:

1. Select a fence style.
2. Diagram your fence plan and include measurements.
3. List measurements (in feet) and divide each by 8 feet (round up to nearest whole number).

Side A: 40 ft. ÷ 8 = 5
Side B: 72 ft. ÷ 8 = 9
Side C: 40 ft. ÷ 8 = 5
Side D: 12 ft. ÷ 8 = 1.50 (2)
Side E: 14 ft. ÷ 8 = 1.75 (2)

4. Total all sides. This total equals number of fence sections and bracket packs needed.

Side A: 5
Side B: 9
Side C: 5
Side D: 2
Side E: 2

Total: 23 sections
       23 bracket packs

5. Note total number of gates needed. Multiply by 2 for number of posts.

1 Gate x 2 = 2 gate posts
           = 1 gate

6. Add 1 to the total number of fence sections needed. Add number of gate posts needed. This is the total number of blank posts and post caps needed.

23 fence sections
+ 1
+ 2 gate posts
26 blank posts

Your fence:

1. Select a fence style.
2. Diagram your fence plan and include measurements.
3. List measurements (in feet) and divide each by 8 feet (for Newport, divide by 6) and round up to nearest whole number.

Side A: _____ ÷ 8 = _____
Side B: _____ ÷ 8 = _____
Side C: _____ ÷ 8 = _____
Side D: _____ ÷ 8 = _____
Side E: _____ ÷ 8 = _____

4. Total all sides. This total equals number of fence sections and bracket packs needed.

Side A: _____
Side B: _____
Side C: _____
Side D: _____
Side E: _____

Total: _____ sections
       _____ bracket packs

(brackets are not required for routed system rails)

5. Note total number of gates needed. Multiply by 2 for number of posts.

_____ Gate(s) x _____ = _____ gate posts
                  = _____ gate

6a. Add 1 to the total number of fence sections needed. Add number of gate posts needed. This is the total number of blank posts and post caps needed.

_____ fence sections
