All Axiom Trims can be customized  
to fit any color or size Acoustical  
and Accent Clouds. Contact your  
Armstrong representative  
for assistance.

# AXIOM<sup>®</sup>

## Classic Trim

CLASSIC ELEGANCE IS ALWAYS IN STYLE

Enabling unique flexibility in straight and curved applications.

- Extruded aluminum trim provides crisp edge detailing and excellent corrosion resistance compared to steel systems
- Axiom trim is part of the Sustain<sup>®</sup> portfolio and meets the most stringent sustainability compliance standards
- Eight profile heights; 2" to 16" standard and custom colors available
- For conditions larger than 16" Axiom trims can be stacked to create your custom detail. Contact your Armstrong representative for more information.

▼ University of Utah Hospital, Salt Lake City, UT; Architectural Nexus, Salt Lake City, UT

Two-Piece Drywall Trim: Integrated and pre-punched tapping flange for drywall attachment. Available in White, standard colors, and unfinished for field painting.

▲ Founders Federal Credit Union, Lancaster, NC; Little Diversified Architectural Consulting, Charlotte, NC

# AXIOM® Drywall Trim

One-Piece Drywall Trim

## DEFINING THE EDGE

This pre-engineered vertical trim solution provides architectural detail for your drywall project.

- 2.5", 4", and 6" profile heights
- Integrated and pre-punched tapping flange for drywall attachment
- Straight and curved options available
- For drywall trim solutions with a height greater than 6", pair our Classic Axiom Trim with Axiom Bottom Drywall Trim

# AXIOM<sup>®</sup> for Interlude<sup>®</sup>

## PULLING IT ALL TOGETHER

This pre-engineered trim allows the continuation of the Interlude<sup>®</sup> XL<sup>®</sup> HRC suspension system visual to the perimeter of the ceiling

- Used exclusively with Interlude XL HRC suspension system
- Available in our most popular profile sizes 2", 4", and 6"
- Extruded aluminum trim provides more crisp edge detailing compared to conventional roll-formed steel systems
- Interlude grid sleeves can reduce field work when cut conditions are present. Contact your Armstrong representative for details.

▼ Shelton State Community College, Tuscaloosa, AL; Ellis Architects, Tuscaloosa, AL

▲ ForknSpoon Café, Lancaster, PA

# AXIOM® Vector®

STRAIGHT & CURVED

This coordinates perfectly with Armstrong® Vector® ceiling panels to mimic the 1/4" reveal with the narrow vertical fin profile

- A narrow vertical "fin" on the profile creates a 1/4" recess to echo the 1/4" reveal of the Vector® ceiling panel
- Incorporates the sophisticated grid-hiding visual of a Vector ceiling with a perimeter
- Recommended for use with full size Vector ceiling panels; preserves factory cut Vector edge detail
- Custom slotting, perforating, and cutouts available

▲ Cabaret at Theater Square, Pittsburgh, PA; Astorino, Pittsburgh, PA

# AXIOM<sup>®</sup> Knife Edge<sup>®</sup>

FOR A SHARPER LOOK

This trim is a unique, refined trim alternative compared to traditional, 90-degree vertical trims.

- Adjustable Trim Clip makes Knife Edge<sup>®</sup> Trim compatible with WoodWorks<sup>®</sup> and MetalWorks<sup>™</sup> panels up to 3-3/4" thick
- Unique profile provides a refined alternative
- Extruded aluminum trim provides more crisp edge detailing compared to conventional roll-formed steel systems
- For similar conditions with different dimensions, contact your Armstrong representative about our custom extrusion capabilities.

# AXIOM® Paired

SYSTEMS THAT WORK TOGETHER

Create a dramatic contemporary design aesthetic using Axiom® Classic or Vector® trim profiles.

- Unique system allows tandem sections of curved or straight Axiom to run parallel with a 5/8" or 1-3/8" reveal between profiles
- Axiom trim is part of the Sustain® portfolio and meets the most stringent sustainability compliance standards today
- Design option to accent open plenum spaces or below acoustical ceilings
- For integrated lighting options, see your Armstrong representative

AXIOM Paired Classic – available in 2", 4", 6", 8", 10", or 12" profiles

AXIOM Paired Vector – available in 2", 4", 6", or 8" profiles

▼ St. Thomas Aquinas High School Innovation Center, Ft. Lauderdale, FL; Anderson Architecture, Boca Raton, FL

# AXIOM<sup>®</sup> Profiled

FOR MAXIMUM VISUAL IMPACT

This pre-engineered trim offers four dramatic profiles that coordinate with acoustical or drywall ceilings for a decorative finished visual.

- Extruded aluminum provides crisp edge detailing and excellent corrosion resistance
- Axiom<sup>®</sup> trim is part of the Sustain<sup>®</sup> portfolio and meets the most stringent sustainability compliance standards today
- Ultimate design flexibility – four decorative profiles; Convex, Concave, Cove, and Crown

▼ Children's Hospital of the King's Daughters, Norfolk, VA; PF&A, Norfolk, VA

# AXIOM®

## Soft Edge

SOFT AS A CLOUD

This soft-edge factory-finished trim is available in three profile types to fit acoustical clouds.

- Profile options: Ripple, Soft Corner, and Convex
- Axiom® trim is part of the Sustain® portfolio and meets the most stringent sustainability compliance standards today
- Incorporates the sophisticated grid-hiding visual of a Vector® ceiling with a similar 1/4" reveal along the trim
- Design flexibility for straight and curved applications
