### HBF High Performance Products

HBF and HBF Textiles have long been leaders in contract furnishings and known for industry-leading product design coupled with the highest quality construction, comfort and aesthetic beauty.

Now these same principles are the cornerstones of HBF Healthcare high performance products. We have consulted with healthcare designers and clients to provide products and options for interiors that will provide quality sustainable design solutions for the future. These effective solutions will address the unique interactions required by any high-use facility. Visit [www.hbf.com](http://www.hbf.com) for additional high performance product information.

High Performance Options:

- Acrylic Solid Surface Tops
- Durable Wood Finishes

### Veneer and Finishes

Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color.

An upcharge of **5% Net** per unit for occasional tables, with a minimum upcharge of **\$500 Net** per order, will apply for any custom wood finish.
