A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table. The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

This book is effective April 2, 2018, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

For veneer tables, 108"-wide to 192"-wide tops are shipped in 2 equal pieces; 216"-wide and 264"-wide tops are shipped in 3 equal pieces.

For laminate tables, 108"-wide tables have a 1-piece top; 120"-wide to 216"-wide tops are shipped in 2 equal pieces; 240"-wide and 264"-wide tops are shipped in 3 equal pieces.

Laminate and veneer tops are 1 1/4" thick.

Thin profile HPL tops are 1/2" thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops up to 42" x 78" are 1/2" thick; tops 42" x 84" to 60" x 120" are 3/8" thick with a Formcoat® substructure.

Tables may be specified with cutouts for power in various configurations. Round cutouts align with columns, and oval cutouts are centered between columns.

Order the following compatible power components separately:

- Round power module (ET991.)
- Oval power module (ET992.)
- Pair of oval power modules (ET993.)
- Oval power module & undermount power (ET994.)
- Pair of oval power modules & undermount power (ET995.)

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Tables may be specified with cutouts for power in various configurations. Round cutouts align with columns, and oval cutouts are centered between columns.

Order the following compatible power components separately:

- Round power module (ET991.)
- Oval power module (ET992.)
- Pair of oval power modules (ET993.)
- Oval power module & undermount power (ET994.)
- Pair of oval power modules & undermount power (ET995.)

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Product Information

Description

This table has a laminate or veneer top with vinyl edge, a veneer top and edge, a thin-profile HPL top with black edge, or a back-painted glass top with modified bullnose edge. Table may be specified with cutouts to accommodate simple power options (specified separately). Each table has adjustable glides or casters. Shipped knocked down.

Notes

30"-60" tables have a 1-piece top and single column base. 66"-96" tables have 2-piece tops and a 4-column segmented base.

Laminate and veneer tops 30"-48" diameter are 7/8" thick; tops 54"-96" diameter are 1 1/4" thick.

Thin profile HPL tops are 1/2" thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops 30"-48" diameter are 1/2" thick; tops 54"-60" diameter are 1/2" thick with a Formcoat® substructure.

30" and 36" diameter tables may only accommodate USB access. Single center cutout (CC) grommet option must be specified. Grommet option is a non-functional hole plug. For USB access, order round dual USB charging unit (ET990.) separately.

42"-60" diameter tables may accommodate power. Single center cutout (CC) grommet option must be specified. Grommet provides simple pass-through with wire management features and a hinged lid. For power access, order round power module (ET991.) separately.

Multiple column tables (66"-96" diameter) may accommodate up to 4 power modules. Four cutouts (C4) option must be specified; cutouts are aligned above the columns. Grommets provide simple pass-through with wire management features and a hinged lid. For power access, order round power module (ET991.) separately.

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Product Information

Description

This table has a laminate or veneer top with vinyl edge, a veneer top and edge, a thin-profile HPL top with black edge, or a back-painted glass top with modified bullnose edge. Table may be specified with cutouts to accommodate simple power options (specified separately). Each table has adjustable glides or casters. Shipped knocked down.

Notes

60"-wide to 96"-wide tables have a 1-piece top and 2-column segmented base. 108"-wide tables have 1-piece (laminate) or 2-piece (veneer) tops and a 2-column segmented base.

For 108" wide veneer tables, tops are shipped in 2 equal pieces.

Laminate and veneer tops are 1¹/₄" thick.

Thin profile HPL tops are 1¹/₂" thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops up to 42" x 78" are 1¹/₂" thick; tops 42" x 84" to 54" x 108" are 3³/₈" thick with a Formcoat® substructure.

Tables may be specified with cutouts for power in various configurations. Round cutouts align with columns, and oval cutouts are centered between columns.

Order the following compatible power components separately:

- Round power module (ET991.)
- Oval power module (ET992.)

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Product Information

Description

This table has a laminate or veneer top with vinyl edge, a veneer top and edge, a thin-profile HPL top with black edge, or a back-painted glass top with modified bullnose edge. Table may be specified with cutouts to accommodate simple power options (specified separately). Each table has adjustable glides. Shipped knocked down.

Notes

30"-60" tables have a 1-piece top and single column base. 66"-96" tables have 2-piece tops and a 4-column segmented base.

Laminate and veneer tops 30"-48" diameter are $\frac{7}{8}$ " thick; tops 54"-96" diameter are $1\frac{1}{4}$ " thick.

Thin profile HPL tops are $\frac{1}{2}$ " thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops 30"-48" diameter are $\frac{1}{2}$ " thick; tops 54"-60" diameter are $\frac{1}{2}$ " thick with a Formcoat® substructure.

30" and 36" diameter tables may only accommodate USB access. Single center cutout (CC) grommet option must be specified. Grommet option is a non-functional hole plug. For USB access, order round dual USB charging unit (ET990.) separately.

42"-60" diameter tables may accommodate power. Single center cutout (CC) grommet option must be specified. Grommet provides simple pass-through with wire management features and a hinged lid. For power access, order round power module (ET991.) separately.

Multiple column tables (66"-96" diameter) may accommodate up to 4 power modules. Four cutouts (C4) option must be specified; cutouts are aligned above the columns. Grommets provide simple pass-through with wire management features and a hinged lid. For power access, order round power module (ET991.) separately.

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Product Information

Description

This segmented base table has a laminate or veneer top with vinyl edge, a veneer top and edge, a thin-profile HPL top with black edge, or a back-painted glass top with modified bullnose edge. Table may be specified with cutouts to accommodate simple power options (specified separately). Each table has adjustable glides. Shipped knocked down.

Notes

60"-wide to 96"-wide tables have a 1-piece top and 2-column segmented base. 60"-deep tables have a dual run of columns.

For veneer tables, 108"-wide to 192"-wide tops are shipped in 2 equal pieces; 216"-wide and 264"-wide tops are shipped in 3 equal pieces.

For laminate tables, 108"-wide tables have a 1-piece top; 120"-wide to 216"-wide tops are shipped in 2 equal pieces; 240"-wide and 264"-wide tops are shipped in 3 equal pieces.

Laminate and veneer tops are 1¹/₄" thick.

Thin profile HPL tops are 1¹/₂" thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops up to 42" x 78" are 1¹/₂" thick; tops 42" x 84" to 60" x 120" are 3³/₈" thick with a Formcoat® substructure.

Tables may be specified with cutouts for power in various configurations. Round cutouts align with columns, and oval cutouts are centered between columns.

Order the following compatible power components separately:

- Round power module (ET991.)
- Oval power module (ET992.)
- Pair of oval power modules (ET993.)
- Oval power module & undermount power (ET994.)
- Pair of oval power modules & undermount power (ET995.)

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Product Information

Description

This table has a laminate or veneer top with vinyl edge, a veneer top and edge, a thin-profile HPL top with black edge, or a back-painted glass top with modified bullnose edge. Table may be specified with cutouts to accommodate simple power options (specified separately). Each table has adjustable glides or casters. Shipped knocked down.

Notes

Tables have a 1-piece top and single column base.

Laminate and veneer tops are $\frac{7}{8}$ " thick.

Thin profile HPL tops are $\frac{1}{2}$ " thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops are $\frac{1}{2}$ " thick.

30" and 36" diameter tables may only accommodate USB access. Single center cutout (CC) grommet option must be specified. Grommet option is a non-functional hole plug. For USB access, order round dual USB charging unit (ET990.) separately.

42" and 48" diameter tables may accommodate power. Single center cutout (CC) grommet option must be specified. Grommet provides simple pass-through with wire management features and a hinged lid.

For power access, order round power module (ET991.) separately.

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.

Product Information

Description

This table has a laminate or veneer top with vinyl edge, a veneer top and edge, a thin-profile HPL top with black edge, or a back-painted glass top with modified bullnose edge. Table may be specified with cutouts to accommodate simple power options (specified separately). Each table has adjustable glides or casters. Shipped knocked down.

Notes

Tables have a 1-piece top and single column base.

Laminate and veneer tops are $\frac{7}{8}$ " thick.

Thin profile HPL tops are $\frac{1}{2}$ " thick.

Glass tops are back-painted, with a satin etch finish to reduce the appearance of fingerprints. Tops are $\frac{1}{2}$ " thick.

30" and 36" tables may only accommodate USB access. Single center cutout (CC) grommet option must be specified. Grommet option is a non-functional hole plug. For USB access, order round dual USB charging unit (ET990.) separately.

42" and 48" tables may accommodate power. Single center cutout (CC) grommet option must be specified. Grommet provides simple pass-through with wire management features and a hinged lid. For power access, order round power module (ET991.) separately.

Santos palisander veneer is celebrated for its unique grain and color variations. Similar products ordered in multiples or dissimilar products ordered separately should be expected to have variation in both grain and color characteristics; no two products will look exactly alike.
