# seating

A **chair** is a stable, raised surface used to sit on, commonly for use by one person. Chairs often have the seat raised above floor level, supported by four legs. However, it's possible for a chair to have a different shape depending on the criteria of the chair specifications.

# chairs

A comprehensive look at the Community chair offering, because it's always great to have a chair for sitting.

#### The Community brand manufactures furniture that works where we live for how we live.

From elementary schools to colleges, from the doctor's office to the hospital and from courtrooms to town halls, we provide solutions for the changing demands of our daily lives. Community's offering of furniture is broad. It's diverse. And it meets just about every need where you gather, dine and learn - no matter the industry or space requirement.

# choose community

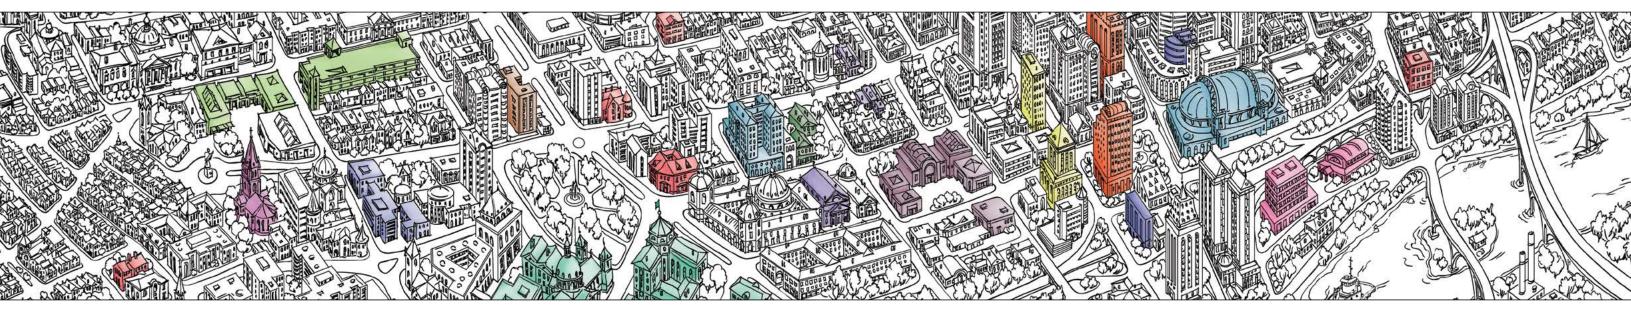

Where is Community specified? Civic Centers Churches Doctor's Offices Training & Classrooms Schools & Universities Restaurants Hotels Daycare Courtrooms Community Centers Shopping Malls Food Courts Lobbies Office Environments Nightclubs Arenas & Corporate Suites Hospitals Anywhere that people Gather, Dine & Learn!

Gather. Coming together.

To relax, to learn, to dine, to work, to wait or just to be near others. Whatever the reason, Community provides all kinds of furniture for the places where people gather. Chairs, stools, lounge and bench seating that is designed and crafted for comfort and durability. Tables and casegoods for both work and play. From the smallest to the largest, anything and everything is just a call away.

Choose a style and let's get together.

Whether in a pub, a corporate cafeteria, a food court, a banquet hall, a hotel, restaurant or refined establishment, the basic needs are the same - a comfortable chair and a sturdy table. With time-tested selections of standards, mixed materials and customized solutions we've got a table and chair combination

Pull up a chair and let's share a table.

Learn. Gaining knowledge or skill.

From early childhood through college, and then continuing with career enhancements, life lessons and recreational enterprises, we constantly strive to improve ourselves. With seating, desks, training tables, storage and support devices, Community supplies the tools needed for teachers and pupils to achieve their goals, and to reach for new ones.

Give us a call and let's learn from each other.

communityfurniture.com Visit our website to learn even more about Community and the products we offer. From craftsmanship to conservation; see how we build our products and at the same time are striving to preserve our environment for generations to come.

# **seating** chairs

This seating catalog is designed to work in collaboration with Community's literature system, including a comprehensive price list, fabric cards, finish cards and a set of collection brochures.

If at any time you can't find the information needed, simply call one of our friendly Customer Service Representatives at 800 622 5661.

Seating that is extremely versatile, with arm and armless options that can be used in a variety of spaces. With simple, clean lines, these chairs can complement any decor. The contoured polypropylene construction provides comfort and durability.

#### **Natural Wood Finishes**

Every tree has unique and defining characteristics, similar to fingerprints. These characteristics include differences in color, grain configurations and texture. When specifying natural or light finishes, these markings are not masked and are easily detected. With this in mind, we hope you enjoy and appreciate the beauty of each tree's fingerprints.

#### DuraTex Low-Emission Finish

To reduce hazardous emissions, we use a proprietary, specially designed top coat that offers exceptional hardness, abrasion and impact resistance while reducing hazardous or harmful gases.

(The Business and Institutional Furniture Manufacturers Association) BIFMA is responsible for developing voluntary product and industry standards that support safe, healthy and sustainable environments. All of our products are constructed to meet and/or exceed BIFMA

#### Personalizing

#### Laser-Engraving and Cut-Outs

Many of our models are available with custom wood engraving or laser cut backs. University seals, logos, unique designs or any type of graphic can be designed into the seating back for a custom creation. Consult our Customer Service Team to find out how we can assist you.

#### Leather-Engraving

When specifying leather, many of our seating models are available with custom engraving. Any type of graphic can be applied to the seat and/or back. Consult our Customer Service Team to find out how we can assist you.

standards for performance, durability and structural integrity.

#### **Linking Chairs**

Options

Casters

for casters.

Leg Protectors

Modifications

Glides

Many of our Community chairs can be linked for open public seating. Please refer to the Community Price List to find out if this is available for your selection.

together to find a solution for your need.

Enhance your Community furniture with a variety of options.

There are options from personalizing to ganging and much

more, contact our Customer Service Team for more information

Casters may be specified as an option on some Community chair

models to accommodate extended mobility. Please refer to the

Community Price List to find out if your selection is a candidate

Rubber cushion nickel plated glides are standard on most Community models and are perfect for carpeted environments.

If your primary usage is on wood or tile, then a rubber cushion nylon glide is available. Not applicable to sled base models.

Many high-traffic environments such as dining areas can be hard

on the legs of wood chairs. Community offers a clear plastic leg

protector on select models that will greatly reduce scuffs and nicks

from the lower portion of the legs. Please refer to the Community Price List to find out if this is available for your selection.

Community willingly accepts customer modifications to standard products. Upholstery, backs, heights and arms are just a few of the modifications we have made for satisfied customers. Please contact our Customer Service Team to find out how we can work

# seating chairs

Part of the Jasper Group family of brands, Community is furniture for public spaces.

The Community brand manufactures furniture that works where we live for how we live.

From elementary schools to colleges, from the doctor's office to the  $% \left( 1\right) =\left( 1\right) \left( 1\right$ hospital and from courtrooms to town halls, we provide solutions for the changing demands of our daily lives. Community's offering of furniture is broad. It's diverse. And it meets just about every need where you gather, dine and learn - no matter the industry or space requirement.
