OBEX®

QUADRUS
2 constructions with 2 patterns per construction available in 8 colors

Milliken™

Gravity in Radius, monolithic tile installation

Gravity

Quadrus is a modular entry tile system that creates a stunning first impression in a space that must also deal with an active world and create a barrier against the elements. Designed to provide a superior combination of performance and aesthetics, the dual-fiber WearOn® nylon yarn and open textile construction will stop dirt and moisture at the door, while allowing easy removal during maintenance.
