Mounting

"It's just such a satisfying feeling holding a B-K fixture in your hand – the quality emanates both visually and in tactile form, but moreover its competence and sense of purpose are evident as well. Denali embodies all of what so many B-K fixtures do – compact effectiveness wrapped up in clean, confidence-inspiring, form-follows-function design. Really a go-to fixture for me."

*Adam Kibbe, Collaborative Lighting, BKU Fall 2008*

Shown with 'C' Cap in Bronze Wrinkle (BZW) finish
