with **Spotless Acrylic** (SO) shielding

A family of sleek luminaires with superior lighting power

These patent-pending inverted-U forms provide soft, comfortable lighting. They emit more downward luminance from the top than from the sides. Pendant versions use SurroundLite™ optics to open up the space by delivering ample, glare-free downlighting and reflected light throughout.

Integral LED Mini-Driver

This dimmable integral LED mini-driver is one of the smallest of its kind in the world. Reduce installation time and costs by eliminating the need for remote drivers.

The SurroundLite™ story

Zen and Zen Square pendants incorporate patented SurroundLite technology developed by Axis. The result is a richer visual experience with additional light distribution that opens up a space and pleases the eye.

High-Performance Optics

SurroundLite produces a visually appealing non-Lambertian 3D spherical batwing light distribution.

- ✓ Uniformly diffuse lighting similar to daylight.
- ✓ Wide planes of light in all directions: ceiling, corners, walls.
- ✓ Reduced contrast on the ceiling, improving visual comfort.
- ✓ Wide spacing results in fewer luminaires needed to light a space.

Innovative optics

Pendant versions feature unique SurroundLite™ direct-indirect optical systems to deliver superior visual comfort and maximum lighting effectiveness while reducing installation time and costs.

Zen

Zen Square

One-piece acrylic lens with **Microgroove Side Spotless (MSO)** shielding.

Microgroove Extruded Aluminum (MAL) side shielding with upper acrylic lens for a soft low-brightness appearance.

Spotless Acrylic (SO) side shielding option provides a comfortable, uniform glow of light. Only available with Zen Square.

Architectural recessed options

Zen and Zen Square offer style-matched recessed lighting opportunities. High-efficacy downlighting elements disappear into the ceiling while providing excellent lighting design flexibility. Zen and Zen Square recessed versions integrate perfectly into any decor.

About Axis Lighting

Founded in 1991 and still family owned and managed, Axis is an important source for architectural lighting across North America and around the globe.

Over the last decade, the company has exhibited remarkable growth thanks to its commitment to Design Flexibility, Optimal Energy Efficiency and Responsive Customer Care. That leadership effort now extends to developing Innovative Lighting Technologies, such as SurroundLite™, on an ongoing basis.

On the strength of a broad and expanding product line, Axis has successfully completed lighting projects for high-profile clients including Apple, Chrysler, The Empire State Building, Google, Hyundai, Time Warner and McGill University, among many others.

Axis has the drive and the expertise to meet your needs and provide architectural lighting... your way.

We reserve the right to change specifications without notice.
