

Haworth® Health Environments

Danbury™ Collection

# Danbury Collection

*With elegant styling versatile enough to complement almost any environment, the Danbury collection offers furnishings for waiting areas and patient rooms. Graceful, flowing lines mark the distinctive look of Danbury lounge seating and sleepers to create welcoming, comfortable spaces in healthcare facilities.*

Danbury features a wide array of seating options for consistency throughout your facility, including a sleeper sofa. Group together lounge chairs, loveseats, and sofas, which include a wallsaver leg for support. For large occupant considerations, Danbury features a 40-inch-wide bariatric loveseat.

Danbury can be paired with Haworth Health Environments wood table collections to furnish lobby and waiting areas.

## Features

### Seating:

- Multi-density, Cal 117 compliant urethane foam seats

- Heat and massage
- Thermofoil side or articulating food tray
- Central lock casters

### Sleeper:

- Kydex, Thermofoil, and wood armcap options
- Field replaceable pullout extensions, seats, and backs

## Graceful yet strong

This contemporary seating collection allows you to create a variety of looks with open wood frame arms or enclosed wood arms. A large occupant loveseat is also available.

## Relax while you wait

Danbury lounge solutions complement guest seating for a multi-functional lobby or waiting area. Choose from arm chair, loveseat, and sofa models. Lounge seating is offered in a variety of options, including wood-frame open and closed arms, and fully upholstered versions.

## Comfort for patients and family

This three-position chair reclines to 135 degrees and offers a high-leg extension on the footrest.

Folding cushion sleeper sofa is an upholstered sofa with exposed wood and upholstered with wood legs - features fold-down back cushions that serve as guest seating during the day and provide sleep comfort for loved ones at night.

WOOD FRAME ENCLOSED ARMS

FULLY UPHOLSTERED

- Hard maple with mortise-and-tenon locking dowel construction
- Tab-lock construction utilizing sealed plywood made from hardwoods on recliners and sleepers
- Antimicrobial finish inhibits growth of bacteria while lacquer provides a strong defense against the harshness of cleaning solutions
