

Knoll Office

k.TM screen

A series of lightweight, tackable fabric desk screens in a range of universal sizes that balance privacy while still inviting collaboration.

Knoll

k. screen™

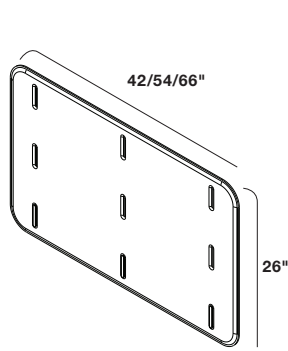

A universal screen for height-adjustable tables and desks.

Part of the k.™ collection, k. screen is a series of fabric desk screens for height-adjustable tables and other desks. Each screen offers three mounting horizons, ranging from above the desktop to below, providing partial privacy and creating enclosure.

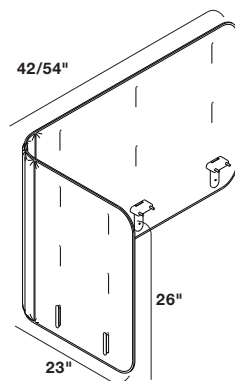

k. screen can be used on any table or desk with a flat edge. Side edge mounting brackets mount to any worksurface regardless of a table's understructure or accessories.

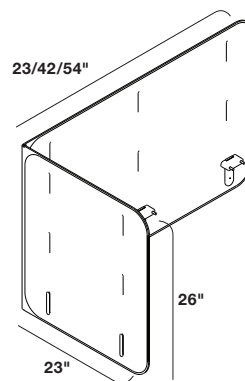

SPECIFICATIONS
