

## Collective Conference Tables Product Information

## Collective Conference Tables Product Information

### Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Collective Conference product line. To attain a pleasing, symmetrical pattern, all veneers in Collective Conference are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

#### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Collective Conference is available in flat cut cherry, makore, maple, and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Anegre veneer is a premium veneer choice and is quarter cut to have a figure cut (fiddle back) pattern. There is a 15% upcharge applied to the list for Anegre veneer.

Solid painted finishes on MDF are also offered on bases, drawer and door fronts to provide an accent to the Collective Conference product.

### Work Surface Construction

All tops are 1 3/16" thick with 3-ply construction and trimmed off with matching 1.5mm rims.

Tops are available in wood veneer, applied glass or laminate surfaces. No additional charges for laminate when selecting standard coordinating laminate as listed on the top of the next page.

### Chassis Construction

The chassis consists of cherry, makore, maple or walnut book-matched veneer. Mortise and tenon construction. Adjustable leveling glides ensure proper leveling of unit.

### Extruded Aluminum Components

Telescopic Feet, Edge Trim Rails, Center Console Components, and Spacers all are made from an alloy aluminum compound, made up of 10% post consumer scrap, 60% post industrial scrap and 30% primary aluminum. The aluminum meets or exceeds the guidelines of USGBC - LEED V2.2. The parts are precisely machined and then processed in a clear anodized finish for a natural aluminum appearance.

### Fabricated or Casted Metal Components

Base Trims, Base Pans, Scones and Wire Pans are made up of high grade metals. The metal is laser cut, bent to shape and robotically welded to the exact specifications, polished and powder coated to blend with the anodized aluminum.

### Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Collective Conference. Please see the chart below. Samples are available upon request, through our website or by contacting Customer Service.

<b>CH1 Cherry</b>	<i>Flat Cut Veneer</i>

\* Anegre is a premium veneer, a 15% upcharge to the list of each item will be applied

### Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

### DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

# Collective Conference Tables Product Information

## Product Modification

### Laminate Tops

Work surface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request.

Cherry Finishes	Maple Finishes	Walnut Finishes
<i>Autumn</i>	<i>Ale</i>	<i>Auburn</i>
<i>Barley</i>	<i>Cinnamon</i>	<i>Mocha</i>
<i>Bourbon</i>	<i>Venetian</i>	<i>Night Owl</i>
<i>Brighton</i>		<i>Sienna</i>

<i>Praline</i>		
<i>Saffron</i>		

### Special Finishes

Special finishes can be requested by following the instructions in the general introduction section, page 3. There is a one time charge of \$321 list per order.

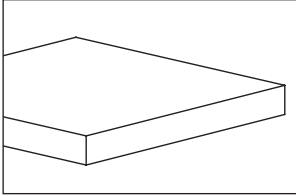

### Special Top Sizes and Cabinets

Collective Conference offers a large offering of table tops shapes and sizes, along with the Collective Presentation products to create a perfect meeting room. Contact Customer Service if you are having trouble finding the right units to complete the desired configuration. Special sizes and cabinet variations need to be approved by JSI engineering.

## Collective Conference Tables Product Information

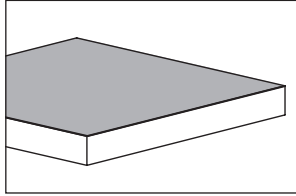

### Top Edge Profiles

Collective Conference offer two edges profiles, along with optional details.

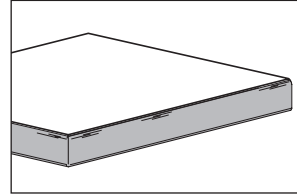

#### Straight Edge - Veneer

Standard on conference tables and casegoods products.

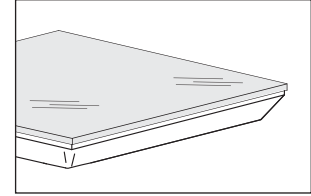

#### Straight Edge - Laminate

Straight edge with laminate surface available for conference tables and casegood products. See page 119 for standard wood grain laminate.

#### Aluminum Trim Edge Detail

Aluminum trim edge available only on Veneer rectangular shape conference tops. The trim edge is finished in clear anodized finish.

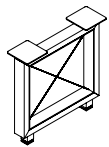

#### Thin Profile Edge - Glass

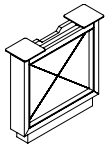

Reverse Bevel edge is available with low iron white back painted glass in glossy or frosted surface. Available only on conference table tops.

### Base Types

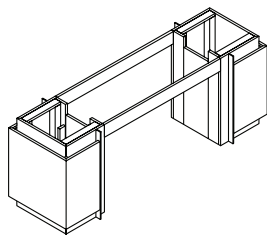

Collective Conference offers five base styles: open cable, closed cable, rectangular, panel and arc end.

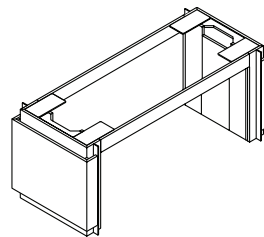

Open Cable Base

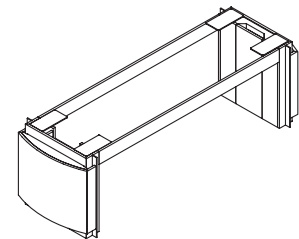

Closed Cable Base

Rectangular Base with Apron Rails

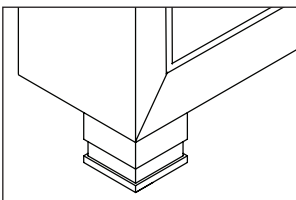

Panel Base with Apron Rails

Arc End Base with Apron Rails

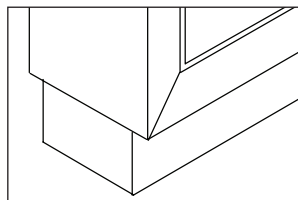

### Foot/Plinth Style Base

Collective Conference Open Cable Base and Casegoods features an anodized aluminum foot. For a more classic feel, units may be specified with a wood plinth style base. Rectangular, Panel and Arc End Bases are available only with a plinth base.

#### Foot Style

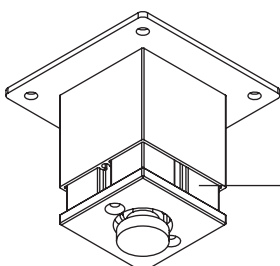

Anodized Aluminum Finish

#### Plinth Base

Concealed leveling glide

### Foot Leveling Details

Telescopic cover can slide up to provide access for leveling adjustment

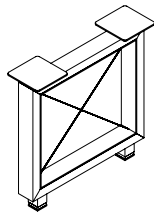

## Collective Conference Tables Product Information

### Conference Top Shapes and Sizes

Collective Conference offer six top shapes and sizes start at 216" in length. Note size 120" and above are two piece tops.

rectangular	arc end	racetrack	boat	ellipse	view
216" x 60" Seats 18/20 192" x 60" Seats 16/18 168" x 60" Seats 14/16 144" x 60" Seats 10/12 216" x 48" Seats 16/18 192" x 48" Seats 14/16 168" x 48" Seats 12/14 144" x 48" Seats 8/10 120" x 48" Seats 6/8 96" x 48" Seats 6/8 84" x 42" Seats 4/6 72" x 36" Seats 4/6	216" x 60" Seats 16/18 192" x 60" Seats 14/16 168" x 60" Seats 12/14 144" x 60" Seats 10/12 216" x 48" Seats 16/18 192" x 48" Seats 14/16 168" x 48" Seats 12/14 144" x 48" Seats 8/10 120" x 48" Seats 6/8 96" x 48" Seats 6/8 84" x 42" Seats 4/6 72" x 36" Seats 4/6	216" x 60" Seats 18/20 192" x 60" Seats 16/18 168" x 60" Seats 14/16 144" x 60" Seats 10/12 216" x 48" Seats 16/18 192" x 48" Seats 14/16 168" x 48" Seats 12/14 144" x 48" Seats 8/10 120" x 48" Seats 6/8 96" x 48" Seats 6/8 84" x 42" Seats 4/6 72" x 36" Seats 4/6	216" x 60" Seats 16/18 192" x 60" Seats 14/16 168" x 60" Seats 12/14 144" x 48" Seats 8/10 120" x 48" Seats 6/8 96" x 48" Seats 6/8	144" x 60" Seats 10/12 120" x 54" Seats 8/10 96" x 48" Seats 6/8	168" x 60" Seats 12/14 144" x 60" Seats 10/12 120" x 60" Seats 9/10 96" x 60" Seats 7/8  <i>This shape top is only available with bases</i>

### Open Cable Bases

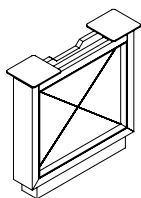

The open cable base features a  $\frac{13}{16}$ " X-shaped stainless steel cable accent. Open cable bases provide no wire management compartment. The outer frame is wood with a metal inner frame in silver powder coat. Telescopic feet provide  $1\frac{1}{2}$ " leveling adjustment.

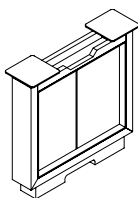

Configured tables with cable bases in this price list include support rails for the top.

Cable bases are not for use with 60"d tops. When specifying cable bases and tops separately, support rails may need to be included. Call Customer Service for more information.

### Closed Cable Bases

Outside Base  
side 1 (approach)

side 2

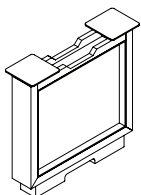

Closed cable bases include a hinged door compartment and plinth base for wire management.

The outside closed cable base features a visible  $\frac{13}{16}$ " X-shaped stainless steel cable accent on the side opposite the hinge door. Wires pass through an opening above hinged doors. The base is wood with a silver powder coated inner frame.

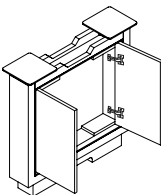

The middle closed cable base features a wood panel on the side opposite the side hinged door. Wires pass through an opening at the top of both sides.

Configured tables with cable bases in this price list include support rails for the top.

Cable bases are not for use with 60"d tops. When specifying cable bases and tops separately, support rails may need to be included. Call Customer Service for more information.

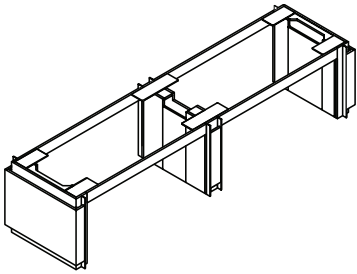

Middle Base  
side 1

side 2

## Collective Conference Tables Product Information

### Panel Bases

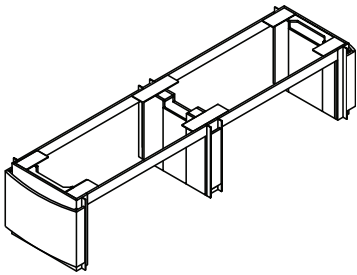

The panel base features slim wood pedestals surrounded by a wood accent. Each pedestal has a hinged door for wire management access and features a silver powder coat metal fin detail.

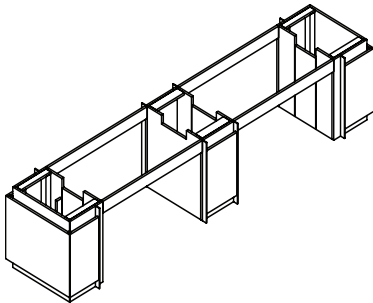

The panel base is standard with rectilinear end bases. Arc end bases may be specified as an option.

### Arc End Bases

*(an option to the panel base)*

### Rectangular Bases

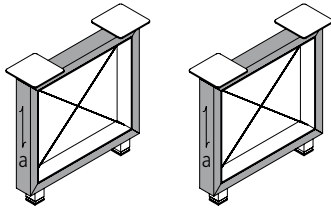

The rectangular base features wide wood pedestals surrounded by a wood accent. Each pedestal has a hinged door for wire management access, an ample storage compartment, and features a silver powder coat metal fin detail.

## Collective Conference Tables Product Information

### Open Cable Base

The open cable base is available in veneer only.

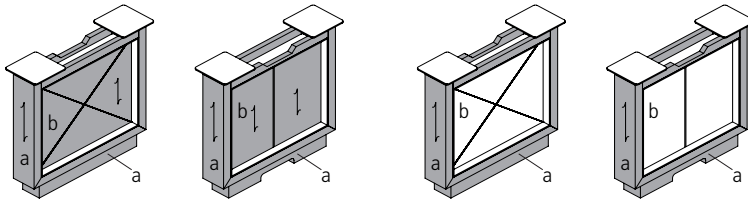

Open Cable Base

a. outer frame - veneer only

### Closed Cable Base

There are two material options for the closed cable base. The outer frame and plinth are always veneer. The inner panel/door can be specified in the matching veneer or in a contrasting paint.

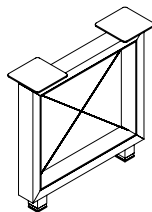

a. outer frame/plinth - veneer  
b. inner panel/door - veneer

a. outer frame/plinth - veneer  
b. inner panel/door - paint

## Collective Conference Tables Product Information

### Round Meeting Tables and Bases

Collective Conference offers three styles of round meeting tables in several diameter sizes.

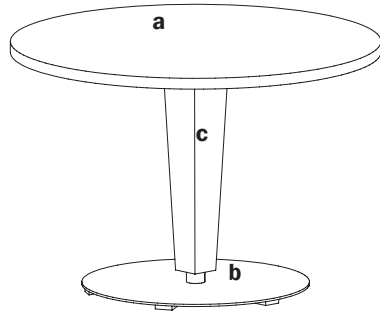

#### Glass Top with Column Disc Base

Available Tables - 48" dia - 42" dia - 36" dia (seats 3 to 4)

- a Top - ½" glass - frosted glass - acid etch underside
- b Base - 26" dia - cast aluminum - arctic silver powder coat
- c Column - veneer  
maple, makore, cherry and walnut - anegre available with an upcharge (*choice of one*)
- d Spider Armature - glass puck (ultra-violet glue attachment) - arctic silver powder coat

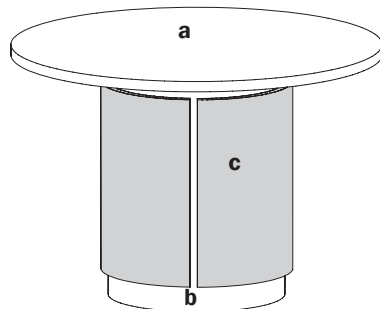

#### Veneer Top with Column Disc Base

Available Tables - 48" dia - 42" dia - 36" dia - 30" dia (seats 3 to 4)

- a Top - 1½" veneer top (*laminated surface available see page 119*) -
- b Base - 26" dia - cast aluminum - arctic silver powder coat
- c Column - veneer  
maple, makore, cherry and walnut - anegre available with an upcharge (*choice of one*)

#### Veneer Top with Cylinder Base

Available Tables - 48" dia - 42" dia (seats 3 to 4)

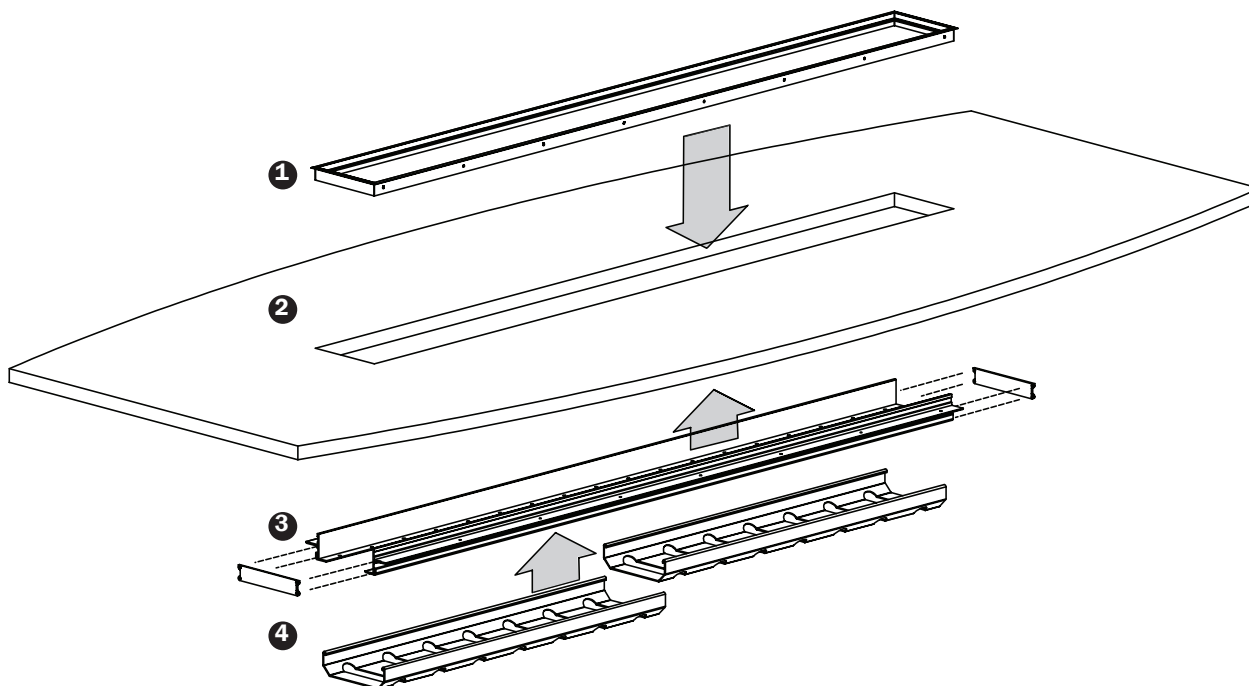

- a Top - 1½" veneer top (*laminated surface available see page 119*)
- b Cylinder Base - 24" dia - drum style construction
- c Accent Panel - veneer (*choice of one*)  
maple, makore, cherry and walnut - anegre available with an upcharge  
paint - (*see page 119 for color choices*)

## Collective Conference Tables Product Information

### Center Console Overview

The continuous center console supports a variety of functional and aesthetic options. A Collective Conference table with center console includes: the center spine assembly which houses 4", 8", 12" and 16" modules, ordered separately, the understructure of the console, and wire management tray as illustrated below.

#### 1 Center Spine Bezel Assembly

The center spine bezel assembly accepts the 4", 8", 12" and 16" modules shown on pages 127, 202-203 of the pricing section of this price list.

#### 3 Center Spine Structural Extrusion Assembly

When a table with center console is specified, the center spine structural extrusion assembly is attached to the underside of the table top.

#### 2 Table Top

Tops are available in several shapes including rectangular, racetrack, ellipse, arc end, boat and view. They come with or without center console.

#### 4 Wire Management Tray

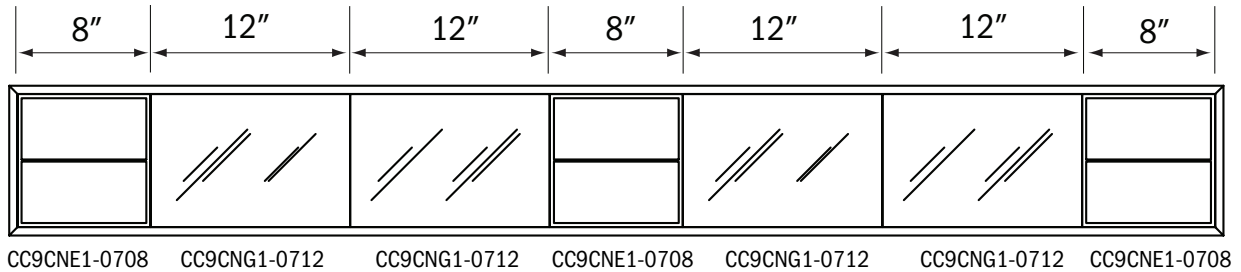

When using power/data and lamp modules, the wire management tray channels the cords to the panel or rectangular bases.

## Collective Conference Tables Product Information

### Center Console Components

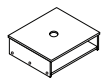

Collective Conference is available with a center console for storage, power/data and accessories. The center console is offered in lengths of: 48", 72", 96", 120", 144" & 160". The accessories are offered in 4" increments. When designing your center console the accessories selected must equal the length of your console. The center console is factory installed.

**You must specify the order in which you want the accessories to appear using the chart on the bottom of the page.**

## Collective Presentation Product Information

## Collective Presentation Product Information

### Exterior Wood Materials

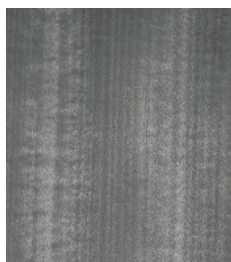

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Collective Presentation product line. To attain a pleasing, symmetrical pattern, all veneers in Collective Presentation are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

#### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Collective Presentation is available in flat cut cherry, maple, and walnut veneer.

Makore veneer is also available on Collective Presentation at no upcharge. Makore is also known as African Cherry veneer. When makore veneer is quarter cut it has a nice straight grain pattern with a pinkish brown cast and is a good alternative for cherry veneer for Collective Presentation.

Anegre veneer is a premium veneer choice and is quarter cut to have a figure cut (fiddle back) pattern. There is a 15% upcharge applied to the list for Anegre veneer

A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on MDF are also offered on drawer and door fronts to provide an accent to the Collective Presentation product.

### Work Surface Construction

Tops are 3-ply balanced construction, 1½" thick with solid matching hardwood 1.5mm rims.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge for some finishes.

### Case Construction

Outside panels are 1¾" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Leveling glides are provided in both plinth base or telescopic foot.

### Extruded Aluminum Components

Telescopic Feet, Valance Rails, Tool Rails, and Spacers all are made from an alloy aluminum compound, made up of 10% post consumer scrap, 60% post industrial scrap and 30% primary aluminum. The aluminum meets or exceeds the guidelines of USGBC - LEED V2.2. The parts are precisely machined and then processed in a clear anodized finish for a natural aluminum appearance.

### Fabricated or Casted Metal Components

The metal is laser cut, bended and robotically welded to the exact specifications, polished and powder coated to blend with the anodized aluminum.

### Access Kneespace Panel

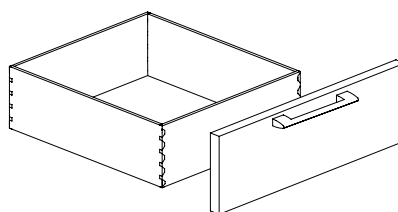

Wall stud construction style frame is made from 16-gauge steel, stamped and laser cut. Pop-rivets are used to combine frames and create various widths. Frames are coated with silver powder coat. The back is open and is designed to sit up against a wall, to allow for wiring access.

### Aluminum Glass Doors

Aluminum glass doors and modesty panels have extruded aluminum frames with 4mm thick with three glass options: frosted with acid etch front, frosted low iron white back painted glass (matte) and glossy low iron white back painted glass (shiny).

### Drawer Box Construction

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with a clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

### Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

## Collective Presentation Product Information

### Locking

Credenzas feature door locking option to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units tagged in the grouping are keyed alike). Keyed alike units are available if requested at no upcharge. Removable cores for in-field re-keying are standard.

### Finish - Stain/Colors

We offer a wide variety of wood stains and paint colors on the Collective Presentation. Please see the chart below. Samples are available upon request, through our website or by contacting Customer Service.

### Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

### DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.  
**Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.  
**Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

### Product Modification

#### Laminate Tops

Work surface only, no additional upcharge if Collective's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request.

### Foot Leveling Details

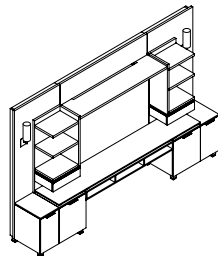

Telescopic cover can slide up to provide access for adjustment

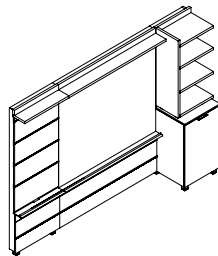

## Collective Presentation Product Information

### Wall Options

Collective Presentation addresses today's information and presentation environments. Technology integration and collaborative solutions benefit reception areas, private offices, open plan spaces, conference or casual meeting rooms. Collective Presentation consists of two separate groupings: Media Walls and Interactive Walls. Due to different heights and width variations the two are not interchangeable. Walls require specification of left and right end panels or towers, and a center wall panel.

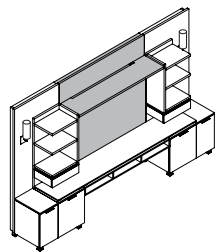

Media Wall

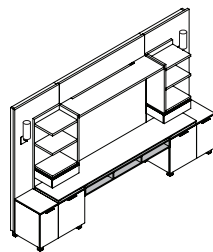

Interactive Wall

### Media Wall

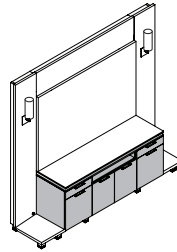

The Media Wall supports various technology applications including plasma display, laptop, receiver/DVD, projector, speakers and video conferencing. The Media Wall creates 86" and 71" heights and includes a center wall panel, technology niche storage with back panel, technology credenza, end towers, glass and wood tops. Panels and towers are always wall mounted.

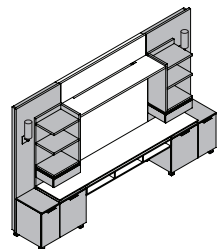

Center Wall Panel

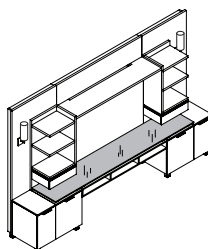

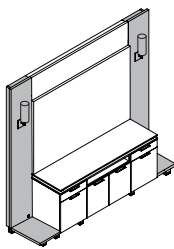

Technology Console

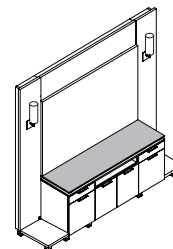

Technology Credenza

End Towers

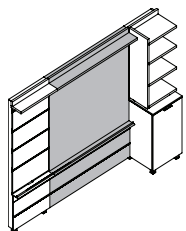

Glass and Wood Tops

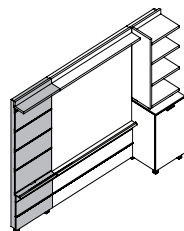

### Interactive Wall

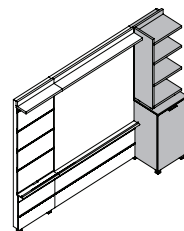

The Interactive Wall features marker board for meetings and presentations. Tackable panels are used for collateral materials and more. The Interactive Wall is available in 86" and 74" heights and has a center wall with marker board, tackable panel on one or both sides, or end tower on one or both sides. Interactive wall towers and center walls are always wall mounted.

(Front View)

## Collective Presentation Product Information

### Access Panel Wiring

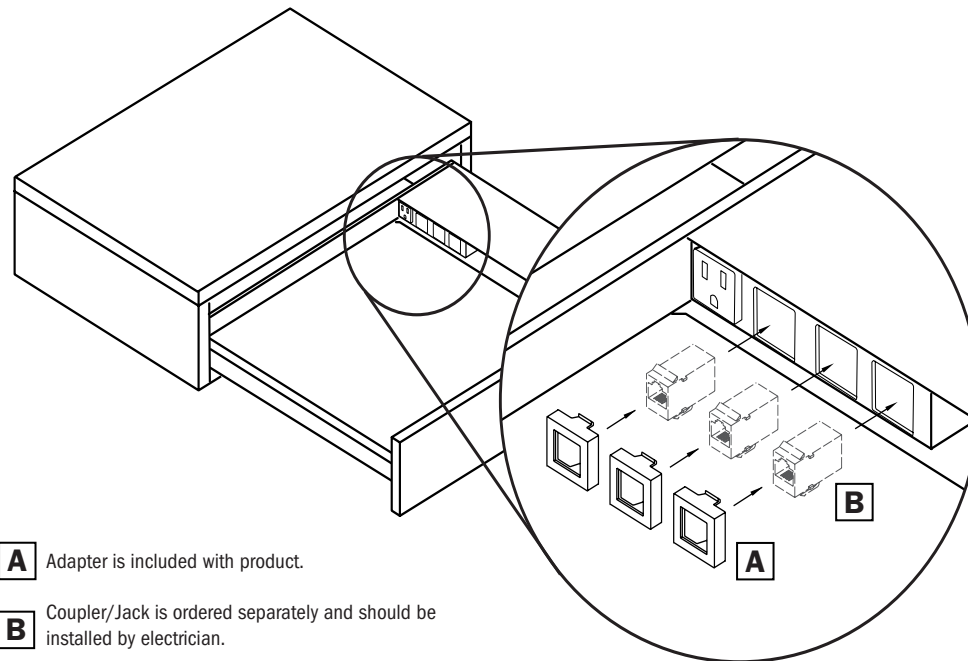

The access panel consist of two hinged panels with a lid stay mechanism on upper panel. The panel allows access to building power and communication and features concealed lay-in cable channel, and optional modular power distribution system.

### Installation of the Data Adapter Kit & Base Plate

1. Select the appropriate adapter.
2. Snap jack into adapter following the instructions provided with the jack.
3. Once assembled, snap adapter into the notched, square holes in the orientation shown.
4. If provided, snap adapter into any  $1\frac{3}{8}$ " x  $2\frac{3}{4}$ " opening.

Note: Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.

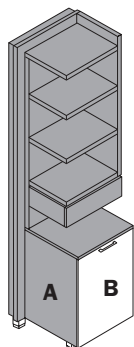

**A** Adapter is included with product.

**B** Coupler/Jack is ordered separately and should be installed by electrician.

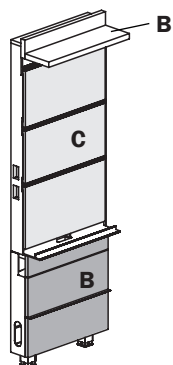

## Collective Presentation Product Information

### Material Options and Finish Schemes

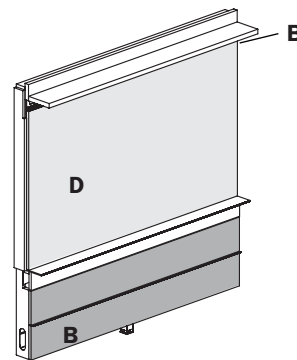

Collective Presentation uses a modern mix of materials: paint, veneer, and aluminum. Veneer choices are maple, cherry, makore and walnut. Anegre wood species requires an upcharge; see page 207. Eleven paint colors are available; see page 207. Wood worksurface tops or rims on laminate worksurface top, are available in veneer finishes only.

**Flat Screen Mount - Universal Bracket (standard with TV, DTV and FSTV model)**

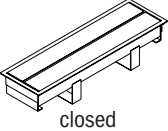

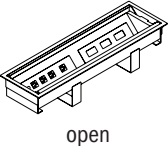

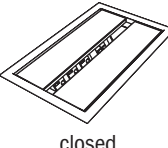

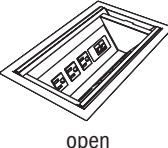

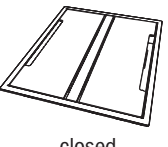

Peerless® ST650 universal tilting flat screen mount is supplied with the FSTV Flat Screen Mounting Frame.

- For use with 32"-50" screens
- Maximum weight 175 lbs. (79kg)
- Tilt 15° forward and -5° backward angles
- Mounting pattern allows up to 6" of vertical adjustment

NOTE: To verify TV interface to universal bracket

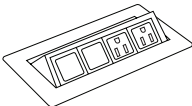

1. Access website - [www.peerlessmounts.com](http://www.peerlessmounts.com)
2. Locate "Mount Finder™" on home page side navigation bar
3. Enter make and/or model of your flat screen
4. Verify model: ST650 is listed as available model

## Type 2 Telecom Jacks

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
<b>Phone Jack</b> 						TCP201	\$87
<ul style="list-style-type: none"><li>· RJ-11 phone jack</li><li>· for use in EC7</li></ul>							
<b>Data Jack</b> 						TCP202	\$87
<ul style="list-style-type: none"><li>· CAT6-RJ45 data jack</li><li>· for use in EC7</li></ul>							

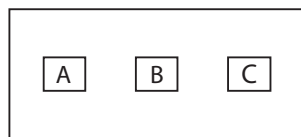

Description	D	W	H	CTN WT	CU FT	① Model	List Price
<b>HDMI Connector</b> 						<b>TCP301</b>	<b>\$94</b>
<ul style="list-style-type: none"> <li>• HDMI coupler</li> <li>• 18" cord</li> <li>• female to female connection</li> <li>• for use in EC9, EC10, EC13, EC15</li> <li>• uses data adapter kit BB adapter plate</li> </ul>							
<b>Mini Stereo Jack</b> 						<b>TCP302</b>	<b>\$26</b>
<ul style="list-style-type: none"> <li>• 3.5 mm Mini Stereo Jack</li> <li>• 10 foot cord</li> <li>• female to male connection</li> <li>• for use in EC9, EC10, EC13, EC15</li> <li>• installs directly into unit without need of data adapter kit</li> </ul>							
<b>Network Jack</b> 						<b>TCP303</b>	<b>\$85</b>
<ul style="list-style-type: none"> <li>• Cat5e RJ-45 Panduit Jack</li> <li>• Pre-terminated</li> <li>• 9 foot cord</li> <li>• 8-Pin</li> <li>• for use in EC9, EC10, EC13, EC15</li> <li>• uses data adapter kit FF adapter plate</li> </ul>							
<b>Voice Coupler</b> 						<b>TCP304</b>	<b>\$85</b>
<ul style="list-style-type: none"> <li>• AMP Category 3, RJ-11</li> <li>• 6-Pin</li> <li>• connects to standard phone cord</li> <li>• for use in EC9, EC10, EC13, EC15</li> <li>• uses data adapter kit CC adapter plate</li> </ul>							
<b>Data Jack - VGA 15 Pin</b> 						<b>TCP305</b>	<b>\$117</b>
<ul style="list-style-type: none"> <li>• 120" M/F cable - female-to-male connection</li> <li>• 15 pin connections</li> <li>• provides electronic device to remove display connection</li> <li>• uses data adapter kit HH adapter plate</li> </ul>							
<b>Dual Powered USB Charging</b> 						<b>TCP306</b>	<b>\$156</b>
<ul style="list-style-type: none"> <li>• two (2) USB-A connections for USB powered devices or charging mobile electronics</li> <li>• 2000mA (2 amp) charging power per USB port</li> <li>• black or white option</li> <li>• for use in EC9, EC10, EC13, EC15</li> <li>• installs directly into unit without need of data adapter kit</li> </ul>							
<b>Data Jack - USB 3.0</b> 						<b>TCP307</b>	<b>\$85</b>
<ul style="list-style-type: none"> <li>• USB 3.0 data jack with 10' cord and male plug</li> <li>• for use in EC9, EC10, EC13, EC15</li> <li>• data transfer port - no USB charging capability</li> <li>• data transfer speed up to 5gbs/sec</li> <li>• uses data adapter kit HH adapter plate</li> </ul>							

To Order, Specify:

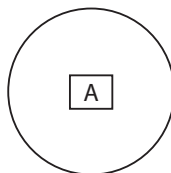

① Model number

# Standard EC Unit Locations

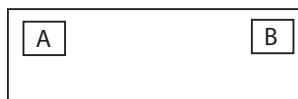

## Standard Power and Data Unit Locations

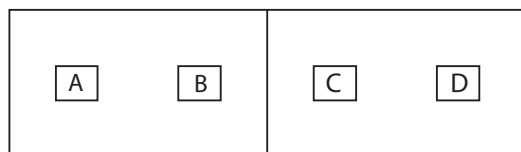

One Piece Table Top

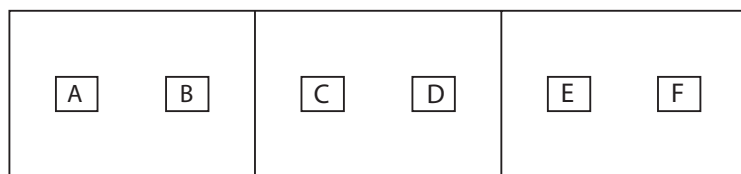

Round Top

Buffet Credenza

Two Piece Table Top

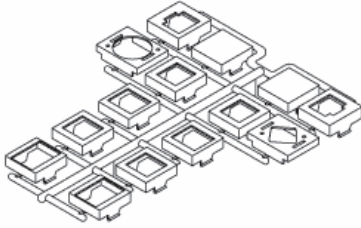

Three Piece Table Top

- Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.
- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

## Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

*Included with EC9, EC10,  
EC13, EC15, TCP110 and CC9CNE1-0708.*

**NOTE:** Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.
